ACCA Skills F4 Corporate and Business Law (English) Revision Kit 2014

The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. The ACCA F4 UK syllabus seeks to develop knowledge and understanding of the English legal framework that is relevant to the business context in which accountants work. Human Rights law is also important and students must appreciate the fact that further legal advice should be sought where necessary. The syllabus also covers how businesses are affected by the law, including: * The types of business that can be established * How companies are formed, administered, financed and closed down * How businesses trade * How a business deals with its employees * The impact of ethics and corporate governance. The F4 UK practice and revision kit contains 100 exam standard questions and 3 complete mock exams. It tackles all the main syllabus areas and provides plenty of advice on important syllabus areas such as the law of tort, corporate governance and ethics. Through practice, students are armed with BPP's ISAC approach for approaching legal questions, providing the structure and method to earn the maximum marks possible. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.

Foundations in Accountancy (FIA) awards are entry-level, core-skill focused qualifications from ACCA. Our suite of study tools will provide you with the accurate and up-to-date material you need for exam success.

This second edition of Sarah Worthington's Equity maintains the clear ambitions of the first. It sets out the basic principles of equity and illustrates them by reference to commercial and domestic examples of their operation. The book comprehensively and succinctly explains the role of equity in creating and developing rights and obligations, remedies and procedures that differ in important ways from those of the common law itself. Worthington delivers a complete reworking of the material traditionally described as equity. In doing so, she provides a thorough examination of the fundamental principles underpinning equity's most significant incursions into the modern law of contract, tort, and unjust enrichment. In addition, she exposes the possibilities, and the need, for coherent substantive integration of law and equity. Such integration she perceives as crucial to the continuing success of the modern common law legal system. This is an accessible and elementary exploration of equity's place in our modern legal system, whilst also tackling the most taxing and controversial questions which our dual system of law and equity raises.
