The first black writer in America to attain national prominence and establish an international reputation, Paul Laurence Dunbar is noted for his works written in black dialect. However, Dunbar also wrote in conventional English, producing sensitive and compelling poetry and fashioning innovative fiction. For the first time in publishing history, this eBook presents Dunbar's complete works, with beautiful illustrations and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Dunbar's life and works * Concise introduction to Dunbar's life and poetry * Excellent formatting of the poems * Special chronological and alphabetical contents tables for the poetry * Easily locate the poems you want to read * Includes Dunbar's complete novels and short stories, available in no other collection * Rare uncollected stories * Features Wiggins' seminal biography on the poet - discover Dunbar's literary life * Scholarly ordering of texts into chronological order and literary genres Please note: a few of Dunbar's early short stories, which have only been rediscovered in recent years, are the result of dedicated scholarship and so will not be appearing in the eBook. A gripping modern-day detective story about the scientific quest to understand the Oracle of Delphi Like Walking the Bible, this fascinating book turns a modern eye on an enduring legend. The Oracle of Delphi was one of the most influential figures in ancient Greece. Human mistress of the god Apollo, she had the power to enter into ecstatic communion with him and deliver his prophecies to men. Thousands of years later, Pulitzer Prize-winning journalist William J. Broad follows a crew of enterprising researchers as they sift through the evidence of history, geology, and archaeology to reveal—as far as science is able—the source of her visions. This volume is a Festschrift dedicated to Charles Kahn comprised of more than 20 papers presented at the conference "Presocratics and Plato: Festschrift Symposium in Honor of Charles Kahn", 3-7 June 2009. The conference was held at the European Cultural Center of Delphi, Greece, and was organized and sponsored by the HYELE Institute for Comparative Studies and Parmenides Publishing, with endorsement from the International Plato Society, and the Dean of the School of Arts and

Sciences, University of Pennsylvania. Delphi Complete Works of Paul Laurence Dunbar (Illustrated)

The official playscript of the original West End production of Harry Potter and the Cursed Child. It was always difficult being Harry Potter and it isn't much easier now that he is an overworked employee of the Ministry of Magic, a husband, and father of three school-age children. While Harry grapples with a past that refuses to stay where it belongs, his youngest son Albus must struggle with the weight of a family legacy he never wanted. As past and present fuse ominously, both father and son learn the uncomfortable truth: sometimes, darkness comes from unexpected places. The playscript for Harry Potter and the Cursed Child was originally released as a 'special rehearsal edition' alongside the opening of Jack Thorne's play in London's West End in summer 2016. Based on an original story by J.K. Rowling, John Tiffany and Jack Thorne, the play opened to rapturous reviews from theatregoers and critics alike, while the official playscript became an immediate global bestseller. This revised paperback edition updates the 'special rehearsal edition' with the conclusive and final dialogue from the play, which has subtly changed since its rehearsals, as well as a conversation piece between director John Tiffany and writer Jack Thorne, who share stories and insights about reading playscripts. This edition also includes useful background information including the Potter family tree and a timeline of events from the wizarding world prior to the beginning of Harry Potter and the Cursed Child.

The English-born American author Hugh Lofting was the creator of the beloved children's character of Doctor Dolittle, the eccentric, yet genial physician that can talk to the animals. The genesis of the series appeared in illustrated letters sent by Lofting to his children, while he was undergoing the horrors of the trenches in World War I, when news was "too horrible" to send. The Dolittle books are celebrated for their charming wit

and the humorous treatment of the doctor's bachelor household in Puddleby-on-the-Marsh. However, Lofting's works provide a recurring message of pacifism and censure of warmongering, which is most evident in Lofting's anti-war poem 'Victory for the Slain'. For the first time in publishing history, this edition presents Lofting's complete works, with numerous illustrations, rare texts and concise introductions. (Version 1) * Beautifully illustrated with images relating to Lofting's life and works * Concise introductions to the novels and other texts * All of the Doctor Dolittle books, including ALL of Lofting's original illustrations * Rare novels appearing for the first time in digital publishing * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * Lofting's other children's books, digitised here for the first time, including 'Porridge Poetry' and 'Noisy Nora' * Lofting's works for adults - available in no other collection * Includes the 1924 pacifist essay 'Children and Internationalism' * The anti-war poem 'Victory for the Slain' * Ordering of texts into chronological order and genres Please visit www.delphiclassics.com to browse through our range of exciting titles CONTENTS: The Doctor Dolittle Books The Story of Doctor Dolittle (1920) The Voyages of Doctor Dolittle (1922) Doctor Dolittle's Post Office (1923) Doctor Dolittle's Circus (1924) Doctor Dolittle's Zoo (1925) Doctor Dolittle's Caravan (1926) Doctor Dolittle's Garden (1927) Doctor Dolittle in the Moon (1928) Gub Gub's Book (1932) Doctor Dolittle's Return (1933) Doctor Dolittle and the Secret Lake (1948) Doctor Dolittle and the Green Canary (1950) Doctor Dolittle's Puddleby Adventures (1952) Other Children's Books The Story of Mrs. Tubbs (1923) Porridge Poetry (1924) Noisy Nora (1929) The Twilight of Magic (1930) Tommy, Tilly, and Mrs. Tubbs (1936) Works for Adults Children and Internationalism (1924) Victory for the Slain (1942) Please visit www.delphiclassics.com to browse through our range of exciting titles or to purchase this eBook as a Parts Edition of individual eBooks

Delphi Complete Works of John Steinbeck (Illustrated)

The Children by Edith Wharton - Delphi Classics (Illustrated)

Delphi Keep is awash in activity, and for Ian, Theo, and Carl, their safe haven might be nearing its end. The Royal Navy has taken the keep to use as a hospital and the tunnels running under the keep and the castle are ideal to set up a central communications outpost for the approaching war. The earl is happy to help the effort, but now the keep is no longer safe for the orphans and they must be evacuated to his winter residence. Ian, Theo, and Carl know that if they're sent away, they'll no longer be protected. But more important than their safety is deciphering the third prophecy. All clues point to a quest. The orphans don't know where they must go, but they know they must rescue the Secret Keeper. To do that, however, they need to work out who this Secret Keeper is. And what, exactly are the secrets he's keeping?

September AD 80. Flavia and her friends go to Rome to celebrate the Festival of Jupiter at Senator Cornix's town house. When a famous racehorse goes missing, Nubia sets out to recover it. The four friends find themselves caught up in a plot against one of the rival factions, the Greens. Who is trying to sabotage the charioteers? Could it be an inside job, or someone with a grudge from long ago? And how many men and horses will die before the killer is caught?

God is God in the valley and at the mountaintop, and He's using everything in-between to write your story. Have you ever had a bad day? Rough season? Life has a way of dealing you cards you were not expecting and, quite frankly, difficult to manage. Through this narrative, you will discover tools and a new perspective to wield as you walk through the valleys and mountaintops of life. Through the pain, grief, and heartache of this journey, you'll find that God is with you and for you and uses both your good days and bad to write the beautiful story out of your life.

Oracles of Delphi Keep

Unleash the full potential of the FMX framework to build exciting cross-platform apps with Embarcadero Delphi

The oracle of Delphi, the sacred abode of the raving prophetess, the Pythia, was for centuries one of the most celebrated and influential religious centers in the ancient Greek world. There, the magnificent temple of Apollo was not only gilded in riches of gold and bronze but also in the jewels of everlasting wisdom: the Delphic Admonitions. These were brief "catchphrases" conveying moral, philosophical and even practical teachings, inscribed on pillars around the temple. They were attributed to the Seven Sages of antiquity, a group of philosophers who laid the cornerstone in the edifice of western culture and intellect. This work contains a selection of 120 of the most principle Delphic Admonitions translated in English and each one is presented with an accompanying historical and philological commentary so that the reader may understand them both in the context of the ancient world as well as in that of their application to modern-day life. Complete with a detailed introduction exploring the many mysteries surrounding Delphi's long and fascinating history, an appendix containing the Delphic Admonitions in the original ancient Greek and numerous references to classical Greek and Roman literature, "Navel of the Earth" is, in effect, an anthology of history, philosophy and theology as well as a useful handbook for those wishing to embark on the mysterious and rewarding journey of rediscovering the sublime wisdom of antiquity. Das Orakel von Delphi konnte den Griechen die Zukunft vorhersagen. Die Programmiersprache Delphi schafft dies zwar nicht, dafür steckt in diesem Delphi-Buch aber jede Menge Wissen aus der Gegenwart! Mit der Programmiersprache Delphi kannst du sehr leicht Programmieren lernen, weil sie besonders gut strukturiert ist. Hans-Georg Schumann zeigt dir in kleinen Schritten, wie du mit Delphi eigene Programme schreibst. Dabei stehen dir Tim und Nele und der Hund Buffi immer zur Seite, damit du jede Verständnishürde schnell meisterst. Selbst vor der höchsten Kunst des Programmierens, dem objektorientierten Programmieren, wirst du mit diesem Buch in der Hand nicht mehr zurückschrecken. Ein neues Kapitel führt dich außerdem in die

Spieleprogrammierung mit Delphi ein.

This eBook features the unabridged text of 'The Brothers Karamazov' from the bestselling edition of 'The Complete Works of Fyodor Dostoyevsky'. A giant of American literature, John Steinbeck is celebrated for his naturalistic novels with proletarian themes. His magnum opus 'The Grapes of Wrath' (1939), which epitomises the harrowing events of the Great Depression era, stirred widespread sympathy for the plight of migrant workers. Many of Steinbeck's works are set in the Salinas Valley of his childhood and they frequently explore themes of fate and the injustices suffered by their everyman protagonists. Fashioned with rich symbolic structures, they convey archetypal qualities in enduring characters, winning for Steinbeck the 1962 Nobel Prize for Literature. For the first time in literature, this eBook presents John Steinbeck's complete works, with numerous illustrations, rare texts, detailed introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Steinbeck's life and works * Detailed introductions to the major texts All 16 novels, with individual contents tables * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * All of the story collections * Features the rare short story 'How Mr. Hogan Robbed a Bank', appearing for the first time in digital publishing * Special chronological and alphabetical contents tables for the short stories * Easily locate the short stories you want to read * Includes Steinbeck's rare non-fiction books Scholarly ordering of texts into chronological order and genres Please note: 'The Acts of King Arthur and His Noble Knights' and several other minor posthumous works cannot appear in the collection due to copyright restrictions. M. A. J. I. C. and the Oracle at Delphi

Synopsis Sixteen-year-old Alice Payton and her four best friends are all that stand between the

universe and its greatest threat. After centuries of captivity, the Titans have escaped from the underworld and returned to Earth seeking vengeance. Bound by an ancient curse that prevents them from defending the planet, Zeus and the Olympians send their powers to the only beings who can help: Alice and her friends. With the guidance of the Olympians, Melanie, Alice, Jenn, Izzy and Colleen embark on dangerous journeys through the dimensions of the universe, encountering mythical creatures and legendary lands. Equipped with bravery, wit, and the magic of the gods, they will discover the ancient secrets

The British author Kenneth Grahame is celebrated for creating 'The Wind in the Willows', one of the most beloved tales of classic children's literature. Improve your Delphi programming skills by building robust applications for Android, iOS, and Windows platform Key Features Build responsive user interfaces (UIs) for desktop and mobile with FireMonkey Implement a microservices architecture using the Rapid Application Development(RAD) server Create clones of popular applications like Instagram and Facebook using Delphi 10.3 Book Description Delphi is a cross-platform programming language and software development kit that supports rapid application development for Microsoft Windows, Apple Mac OS X, Android, and iOS. With the help of seven practical projects, this book will guide you through the best practices, Delphi Run-Time Library (RTL) resources, and design patterns. Whether you use the Visual Component Library (VCL) or FireMonkey (FMX) framework, these design patterns will be implemented in the same way in Delphi, using Object Pascal. In the first few chapters, you will explore advanced features that will help you build rich applications using the same code base for both mobile and desktop projects. In addition to this, you'll learn how to implement microservice architecture in Delphi. As you get familiar with the various aspects of Delphi, you will no longer need to maintain source code for similar projects, program business rules on screens, or fill your forms with data access components. By the end of this book, you will have gained an understanding of the principles of clean code and become proficient in building robust and scalable applications in Delphi. What you will learn Get to grips with the advanced features of RTL Understand how to deal with the paradigm change between multiplatform projects Build rich interfaces with Google's Material Design features Understand how to implement design patterns in Delphi Turn a mobile device into a remote controller with

app tethering technology Build a multi-database system using VCL Who this book is for This book is for developers, programmers, and IT professionals who want to learn the best market practices by implementing practical projects. Prior knowledge of the Delphi language is a must.

The Treasuries at Delphi

Delphi Complete Works of Kenneth Grahame (Illustrated)

The Oracle

Delphi

A mother's brief reunion with her imprisoned son is saturated in both love and menace in this complex and compelling novel. Linus has been granted a five-day furlough from prison, where he is serving a life sentence for murder. His mother has decided to take him to Delphi. A few days spent in that magical place, she thinks, might distract him from his awful fate. She also hopes this brief time together might be a chance for them to repair what has become a damaged relationship. To that end, she has a difficult revelation to share with her son: Ten years earlier, it was she who led the police to him; she is responsible for his arrest and imprisonment. Over the course of five days, as mother and son wander the magnificent ruins of Delphi, matters concerning Linus's childhood that have been buried for decades resurface. This is a return to the origins of Greek tragedy, a story about guilt and innocence, about the monsters that lurk even in everyday life, and about the complex and fascinating relationship between mothers and their sons. "One can not stop reading until the end." —L'Espresso

Turbo Pascal & Delphi für Kids

Loan amounts of \$50 to \$300,000. Interest rates of 2% to 25.75%. Terms up to 40 years.

Ian Wigby is about to find out that he is a very special boy. Along the southern coast of England, atop the White Cliffs of Dover, stands a castle. And at that castle's old keep is an orphanage. Delphi Keep has seen many youngsters come and go through its gates, and Ian Wigby and his sister, Theodosia, are happy to call it home. Life has always been simple at the Keep, and the

orphanage safe, until one day, Ian and Theo find a silver treasure box. And within the box, a prophesy. Three thousand years ago a great Greek oracle wrote of a quest. A quest on which the fate of the world depends. A quest that names two children—Ian and Theodosia. Suddenly Delphi Keep is no longer safe. And Ian and Theo, along with a very special group of friends, realize they must unravel the meaning behind the scroll of Dover cavern before darkness falls on the world. And before an unfathomable evil catches up with them.

According to prophecy, a trip through the magical portal near the Dover, England, orphanage where Ian and Theo live will bring them to the third Oracle, a child with extraordinary healing powers to help defeat a great evil, but it will also lead to Ian's death.
