ENTWINED SOULS

This collection of essays by musicologists and art historians explores the reciprocal influences between music and painting during the nineteenth century, a critical period of gestation when instrumental music was identified as the paradigmatic expressive art and theoretically aligned with painting in the formulation ut pictura musica (as with music, so with painting). Under music's influence, painting approached the threshold of abstraction; concurrently many composers cultivated pictorial effects in their music. Individual essays address such themes as visualization in music, the literary vs. pictorial basis

of the symphonic poem, musical pictorialism in painting and lithography, and the influence of Wagner on the visual arts. In these and other ways, both composers and painters actively participated in interarts discourses in seeking to redefine the very identity and aims of their art. Also includes 17 musical examples.

This was not allowed of course, it had never been done before, but she did not care...she was going to go, whatever her soul-mate Simon or the “Great Lord’s of The Council” had to say. Claire Denton lived with her husband Mark in the small town of Horsham in West Sussex. She had three grown up children and lived a very ordinary life. She was exactly the type of soul that Arlene was looking for. The only way for Arlene to succeed in her dangerous scheme was to change places with some poor, unsuspecting soul, and

Eternal Guardians #2

Confined to their dreary castle while mourning their mother's death, Princess Azalea and her eleven sisters join The Keeper, who is trapped in a magic passageway, in a nightly dance that soon becomes nightmarish.

She woke up with a jerk. Her hands were up in the air, groping for support. It was a moment of frenzy. It was like being drowned in some deep waterbody. She could neither grasp on to any surface or person for support or open her eyes and see what was going on. The scary

feeling it gave was simply inexplicable. It was that final moment when you realise that you are about to die. The music did not stop, though. She had more to offer and more to conquer. She settled in to consider this as the time to introspect, reflect, and bounce back with more vigour—and she did them all.

Four top historical romance novelists team up in this new collection to offer stories of love and romance with a twist of humor. In Karen Witemeyer's "The Love Knot," Claire Nevin gets the surprise of her life awaiting her sister's arrival by train. Mary Connealy's "The Tangled Ties That Bind" offers the story of two former

best friends who are reunited while escaping a stampede. Regina Jennings offers "Bound and Determined," where a most unusual trip across barren Oklahoma plains is filled with adventure, romance, and . . . camels? And Melissa Jagears' "Tied and True" entertains with a tale of two hearts from different social classes who become entwined at a cotton thread factory. Each tale is a fun blend of history and romance that will delight readers.

But this idyllic childhood of color, texture, and feeling ended abruptly when, at age seven, Judy was taken from their shared bed while Joyce slept, not knowing that the wholeness they had known was being shattered. For the next three decades, Joyce is left without her other half and must grieve unexpected loss while navigating her relationship with an emotionally distant mother—alone. Even so, her life parallels her twin's in surprising ways. While in college, Joyce too is

After overcoming legal hurdles to become Judy's legal guardian, she enrolls her in an art center for adults with disabilities in Oakland, California. Judy is hesitant at first, but after two years of uninterested painting and drawing, her untapped creativity suddenly ignites when she is introduced to fiber art, and she begins carefully and intentionally winding yarn and other materials around combinations of found objects. With unflagging intensity, Judy works five days a week for the

next eighteen years, producing more than two-hundred astoundingly diverse fiber sculptures. Unconcerned with her growing fame, she remains fully immersed in her artistic vision until her death in 2005. Today, Judith Scott's work is displayed in museums and galleries around the world, in some of the most prestigious collections of contemporary art. Entwined is a penetrating personal narrative that explores a complex world of disability, loss, reunion, and the resiliency of the human spirit. Part memoir, part biography, Entwined is a poignant and astonishing story about sisters finding their voices in each other's love and through art.
