*Great Earthquake hits, some believe it is the day of reckoning for the immoral masses. Meanwhile, twelve-year-old Shane Nightingale is witness to the violent deaths of his adoptive mother and sisters—not from the earthquake, but at the hands of a serial killer. As Shane wanders the city appearing to be just another anonymous orphan, he keeps what he has seen a secret. But when his path crosses that of Sergeant Randall Blackburn, who is in pursuit of the killer, the two become an investigative team that will use both a youth's intuitive gifts and a*

A comedy about tragedy and a play about playmaking, Aristophanes' *Frogs* (405 BCE) is perhaps the most popular of ancient comedies. This new introduction guides students through the play, its themes and contemporary contexts, and its reception history. *Frogs* offers sustained engagement with the Athenian literary scene, with the politics of Athens at the end of the Peloponnesian War, and with the religious understanding of the fifth-century city. It presents the earliest direct criticism of theatre and a detailed description of the Underworld, and also dramatizes the place of

Mystery cults in the religious life of Athens and shows the political concerns that galvanized the citizens. It is also genuinely funny, showcasing a range of comic techniques, including literary and musical parody, political invective, grotesque distortion, wordplay, prop comedy, and funny costumes. Frogs has inspired literary works by Henry Fielding, George Bernard Shaw, and Tom Stoppard. This book explores all of these features in a series of short chapters designed to be accessible to a new reader of ancient comedy. It proceeds linearly through the play,

addressing a range of issues, but paying particular attention to stagecraft and performance. It also offers a bold new interpretation of the play, suggesting that the action of Frogs was not the first time Euripides and Aeschylus had competed against each other.

artist can alleviate distress for patients through art, music and drama. Illustrated throughout with ideas and examples of how the arts can be used in a range of healthcare settings, this book will be essential reading for creative arts therapists and healthcare professionals throughout the world.

The rhetorical trope of irony is well-trod territory, with books and essays devoted to its use by a wide range of medieval and Renaissance writers, from the Beowulf-poet and Chaucer to Boccaccio and Shakespeare; however, the use of sarcasm, the "flesh tearing" form of irony, in

## Bookmark File PDF Frog And The Nightingale Comic

the same literature has seldom been studied at length or in depth. Sarcasm is notoriously difficult to pick out in a written text, since it relies so much on tone of voice and context. This is the first book-length study of medieval and Renaissance sarcasm. Its fourteen essays treat instances in a range of genres, both sacred and secular, and of cultures from Anglo-Saxon to Arabic, where the combination of circumstance and word choice makes it absolutely clear that the speaker, whether a character or a narrator, is being sarcastic. Essays address, among other things, the clues

## Bookmark File PDF Frog And The Nightingale Comic

writers give that sarcasm is at work, how it conforms to or deviates from contemporary rhetorical theories, what role it plays in building character or theme, and how sarcasm conforms to the Christian milieu of medieval Europe, and beyond to medieval Arabic literature. The collection thus illuminates a half-hidden but surprisingly common early literary technique for modern readers.

A collection of animal fables told by the Greek slave Aesop.
