Gleim Cia Review 2013

This book explains why AI is unique, what legal and ethical problems it could cause, and how we can address them. It argues

Read Free Gleim Cia Review 2013

that AI is unlike any other previous technology, owing to its ability to take decisions independently and unpredictably. This gives rise to three issues: responsibility--who is liable if AI causes harm; rights--the disputed moral and pragmatic grounds for

Read Free Gleim Cia Review 2013

granting AI legal personality; and the ethics surrounding the decision-making of AI. The book suggests that in order to address these questions we need to develop new institutions and regulations on a cross-industry and international level.
