In this entertaining and insightful essay, Mario Puzo chronicles his rise from struggling writer to overnight success after the publication of *The Godfather*. With equal parts cynicism and humor, Puzo recounts the book deal and his experiences in Hollywood while writing the screenplay for the movie. Francis Ford Coppola, Robert Evans, Peter Bart, Marlon Brando, and Al Pacino all make appearances-as does Frank Sinatra, in his famous and disastrous encounter with Puzo. First published in 1972, the essay is now available as an ebook for the first time. A must-have for every Godfather fan! Featuring a foreword by Ed Falco, author of *The Family Corleone*.

This study examines the changes in the American film industry, audiences, and feature films between 1965 and 1975. With transformations in production codes, adjustments in national narratives, a rise in independent filmmaking, and a new generation of directors and producers addressing controversial issues on the mainstream screen, film was a major influence on the social changes that defined these years. After a contextual history of film during this era, several key films are discussed, including *The Graduate*, *Alice's Restaurant*, *Easy Rider*, *Midnight Cowboy*, *M*A*S*H*, *McCabe and Mrs. Miller*, *Little Big Man*, and *The Godfather* series. The author describes how these films represented a generation, constructed and deconstructed American culture, and made important contributions during ten years of great change in America.

The teacher is droning, the students are moaning, and every minute seems like an hour. And next comes the tedium of study hall. Yawn! There's only one thing for a kid to do: grab this entertaining follow-up to last season's Don't-Get-Caught Doodle Notebook, an absolute lifesaver for the child drowning in dullness. On the surface it looks exactly like an ordinary red marble composition book. But inside it's totally subversive, with oodles of doodles to complete, amusing multiple-choice questions to answer, and comic caricatures lampooning the "bored of education" and adults in general. And if the teacher should come around to see? Easy--just turn to the fake class notes in the middle of the book and no one will be the wiser! A Selection of the Children's Book of the Month Club.

Topical memoirs by the author of "The Godfather" on his Italian background, gambling, crime, the making of "The Godfather" film, etc. Offers a distinctive interpretation of The Godfather as a novel and film sequence. In this interdisciplinary work, Raymond Angelo Belliotti presents an interpretation of The Godfather as, among other things, a

commentary on the transformation of personal identity within the Sicilian and Italian immigrant experience. The book explores both the novel and the film sequence in terms of an existential conflict between two sets of values that offer competing visions of the world: on the one hand, a nineteenth-century Sicilian perspective grounded in honor and the accumulation of power within a culturally specific family order; and on the other, a twentieth-century American perspective that celebrates individualism and commercial success. Analyzing concepts such as honor, power, will to power, respect, atonement, repentance, forgiveness, and a meaningful life, Belliotti applies these analyses to the cultural understandings transported to America by nineteenth-century Italian immigrants, casting fresh light on Old World allegiances to l'ordine della famiglia (the family order), la via vecchia (the old way), and the patriarchal ideal of uomo di pazienza (the man of patience), as well as the Sicilian code of honor. The two sets of values—Old World Sicilian and twentieth-century American—coalesce uneasily in the same cultural setting, and their conflict is irresolvable. Raymond Angelo Belliotti is SUNY Distinguished Teaching Professor of Philosophy Emeritus at State University College at Fredonia. His many books include Power: Oppression, Subservience, and Resistance and Machiavelli's Secret: The Soul of the Statesman, both also published by SUNY Press.

Mens I m Not Just The Uncle I m The Godfather/h3>

The behind-the-scenes story of the making of The Godfather, fifty years after the classic film's original release. The story of how The Godfather was made is as dramatic, operatic, and entertaining as the film itself. Over the years, many versions of various aspects of the movie's fiery creation have been told—sometimes conflicting, but always compelling. Mark Seal sifts through the evidence, has extensive new conversations with director Francis Ford Coppola and several heretofore silent sources, and complements them with colorful interviews with key players including actors Al Pacino, James Caan, Talia Shire, and others for irresistible insights into how the movie whose success some initially doubted roared to glory. On top of the usual complications of filmmaking, the creators of The Godfather had to contend with the real-life members of its subject matter: the Mob. During production of the movie, location permits were inexplicably revoked, author Mario Puzo got into a public brawl with an irate Frank Sinatra, producer Al Ruddy's car was found riddled with bullets, men with "connections" vied to be in the cast, and some were given film roles. As Seal notes, this is the tale of "a classic movie that revolutionized filmmaking, saved Paramount Pictures, minted a new generation of movie stars, made its struggling author Mario Puzo rich and famous, and sparked a war between two of the mightiest powers in America: the sharks of Hollywood and the highest echelons of the Mob." Leave the Gun, Take the Cannoli is the lively and complete story of how a masterpiece was made, perfect for anyone who loves the movies.

“A loving and breezy set of essays” on today’s most addictive TV shows from “an incisive and hilarious critic” (Slate). Television is not what it once was. Award-winning author and critic Clive James spent decades covering the medium, and witnessed a radical change in content, format, and programming, and in the very manner in which TV is watched. Here he examines this unique cultural revolution, providing a brilliant, eminently entertaining analysis of many of television’s most notable twenty-first-century accomplishments and their not always subtle impact on modern society—including such acclaimed serial dramas as Breaking Bad, The West Wing, Mad Men, and The Sopranos and the comedy 30 Rock. With intelligence and wit, James explores a television landscape expanded by cable and broadband and profoundly altered by the advent of Netflix, Amazon, and other cord-cutting platforms that have helped to usher in a golden age of unabashed binge-watching. “James loves television, he loves the winding stories it tells and that we share them together. Play All is a late love letter to the medium of our lives.”—Sunday Times “Large-brained and largehearted, and written with astonishing energy.”—The New York Times Book Review “Witty and insightful musing on popular and critically acclaimed series of the past two decades.”—Publishers Weekly

From a master of cinema comes this "gold mine of a book . . . a rocket ride to the potential future" of filmmaking (Walter Murch). Celebrated as an "exhilarating account" of a revolutionary new medium (Booklist), Francis Ford Coppola's indispensable guide to live cinema is a boon for moviegoers, film students, and teachers alike. As digital movie-making, like live sports, can now be performed by one director—or by a collaborative team online—it is only a matter of time before cinema auteurs will create "live" movies to be broadcast instantly in faraway theaters. "Peppered with brilliant personal observations" (Wendy Doniger), Live Cinema and Its Techniques offers a behind-the-scenes look at a consummate career: from Coppola's formative boyhood obsession with live 1950s television shows and later attempts to imitate the spontaneity of live performance on set, the book usefully includes a guide to presenting state-of-the-art techniques on everything from rehearsals to equipment. A testament to Coppola's prodigious enthusiasm for reinvigorating the form, Live Cinema is an indispensable guide that "reenergizes . . . the search for a new way of storytelling" (William Friedkin).
