

Il Est Temps D Entreprendre Pourquoi L Entreprene

All over the world, in the most varied contexts, contemporary theatre is a rich source for increasing the visibility of communities generally perceived by others as minorities, or those who see themselves as such. Whether of a linguistic, ethnic, political, social, cultural or sexual nature, the claims of minorities enjoy a privileged medium in theatre. Perhaps it is because theatre itself is linked to the notions of centre and periphery, conformism and marginality, domination and subjugation – notions that minority theatre constantly examines by staging them – that it is so sensitive to the issues of troubled and conflicted identity and able to give them a universal resonance. Among the questions raised by this volume, is that of the relationship between the particular and the more general aims of this type of theatre. How is it possible to speak to everyone, or at least to the majority, when one is representing the voice of the few? Beyond such considerations, urgent critical examination of the function and aims of minority theatre is needed. To what kind of public is such drama addressed? Does it have an exemplary nature? How is it possible to avoid the pitfalls and the dead end of ghettoization? Certain types of audience-specific theatre are examined in this context, as, for example, theatre as therapy, theatre as an educational tool, and gay theatre. Particular attention is paid to the claims of minorities within culturally and economically dominant western countries. These are some of the avenues explored by this volume which aims to answer fundamental questions such as: What is minority theatre and why does theatre, a supposedly bourgeois, if not to say elitist, art form, have such affinity with the margins? What if, particularly in contemporary society, the theatre as a form, were merely playing out its fundamentally marginal status? The authors of these essays show how different forms of minority theatre can challenge cultural consensus and homogenization, while also aspiring to universality. They also address the central question of the place and status of apparently marginal forms of theatre in the context of globalization and in doing so re-examine theatre itself as a genre. Not only do they illustrate how minority theatre can challenge the dominant paradigms that govern society,

but they also suggest their own more flexible and challenging frameworks for theatrical activity.

En ces temps d'incertitude économique, les PME constituent un moteur de relance. Il est donc de notre devoir d'encourager l'entrepreneuriat (en particulier auprès des jeunes) et de répondre à leurs besoins en termes de formation, d'information et d'aide au financement. En ce sens, ce livre propose un petit guide pratique pour la création et le développement des PME ainsi qu'une boîte à outils recensant tous les liens utiles et toutes les aides possibles. Agrémenté de success stories, cet ouvrage présente une vision positive de l'entrepreneuriat issu de la diversité culturelle et promeut un développement économique durable, l'un et l'autre contribuant à l'attractivité et au rayonnement de Bruxelles et de la Wallonie.

Il n'y aura bientôt plus d'emplois. Du moins, pas assez rémunérés et pas assez nombreux. Et pour ceux qui l'auront compris avant les autres, c'est une bonne nouvelle. Vous pensez que l'emploi salarié est le choix de la raison, du confort et de la sécurité et que l'entrepreneuriat, aussi tentant soit-il, est un pari risqué. Vous ne l'aviez pas remarqué, mais le vent a tourné. Pour ceux qui resteront salariés, les journées de travail vont s'allonger et leurs revenus ne connaîtront jamais d'explosion. Ce qu'ils pourront gagner en salaire, ils le perdront aussitôt en qualité de vie. Bonne nouvelle ! La révolution des technologies de communication et la mondialisation, qui ont placés les salariés du monde entier en concurrence et tirent les salaires vers le bas, permettent aussi de se lancer dans l'entrepreneuriat très facilement. Entreprendre n'a jamais été aussi accessible, rentable et sûr. L'ouvrage vous apprendra comment sauter le pas. Vous n'avez pas besoin de disposer d'un capital colossal ni d'un diplôme ultra-spécifique : une approche pas à pas est désormais possible. Pourquoi la hausse des salaires généralisée s'est-elle arrêtée depuis les années 2000 ? Pourquoi est-il sans doute devenu plus risqué d'être, disons, expert-comptable, qu'entrepreneur ? Comment la méthode du pas-à-pas permet de faire le grand saut

This, the second volume on labour flexibility, deals with how it can be reconciled with social cohesion. Following the Council of Europe's Forum 2005: Reconciling labour flexibility with social cohesion, it aims to present ideas useful for political action for integration with the European social model. It is divided into three parts. The first looks at the framework of reconciliation and describes the complexity of uncertainty and changes in the structure of labour markets. The second part is entitled the space for reconciliation and covers mobility, social protection, the quality of transitions and the quality of family life. The final part covers the methodology of reconciliation, including the model proposed by the Council of Europe.

This handbook introduces readers to the concept of elderly entrepreneurship, and analyzes key issues concerning individuals and institutions. In addition, it presents theoretical and empirical studies exploring the reasons why elderly persons choose to pursue entrepreneurship, despite their advanced age. To investigate this comparatively new entrepreneurial phenomenon, the contributors address psychological, sociological and gerontological aspects, and share unique interdisciplinary insights. The book's chapters are methodologically diverse, and the scale of analysis ranges from individual cases to country-level patterns. At a time when the world's major economies are facing a demographic challenge due to ageing populations, elderly entrepreneurship may provide new economic opportunities and motivate more inclusive policymaking.

Written by diplomatic practitioners, *Human Security and the New Diplomacy* is a straightforward account of challenges already overcome and the prospect for further progress. From the evolution of peace-keeping, to peacebuilding, humanitarian intervention, war-affected children, international humanitarian law, the International Criminal Court, the economic agendas of conflict, transnational crime, and the emergence of connectivity and a global civil society, the authors offer new insights into the importance of considering these issues as part of a single agenda. *Human Security and the New Diplomacy* is a case-study of a major Canadian foreign policy initiative and a detailed account of the first phase of the human security agenda. The story of Canada's leading role in promoting a humanitarian approach to international relations, it will be of interest to foreign policy specialists and students alike. Contributors include David Angell, Alan Bones, Michael Bonser, Terry Cormier, Patricia Fortier, Bob Fowler, Elissa Goldberg, Mark Gwozdecky, Sam Hanson, Paul Heinbecker, Eric Hoskins, Don Hubert, David Lee, Dan Livermore, Jennifer Loten, Rob McRae, Valerie Ooterveld, Victor Rakmil, Darryl Robinson, Jill Sinclair, Michael Small, Ross Snyder, Carmen Sorger, and Roman Waschuk.

Modern science informs us about the end of the universe: "game over" is the message which lies ahead of our world. Christian theology, on the other hand, sees in the end not the cessation of all life, but rather an invitation to play again, in God's presence. Is there a way to articulate together such vastly different claims? Eschatology is a theological topic which merits being considered from several different angles. This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis, history, systematic theology, philosophy, and ethics. How can we make sense, today, of Jesus' (and the New Testament's) eschatological message? How did he, his early disciples, and the Christian tradition, envision the "end" of the world? Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear? Eschatology has been at the heart of Christian theology for 100 years in the West. What should we do with this legacy? Are there ways to move our reflection forward, in our century? Scholars and other interested readers will find here a wealth of insights.

The Pictured Word

Au-delà des vagues turbulentes de la vie, la femme est patiente, courageuse et spirituelle. Comme une nouvelle lune, les saisons peuvent altérer son image, mais malgré toutes ces contraintes, elle demeure éternellement Femme. Ce recueil de poèmes invite l'être le plus symbolique de la création à se redécouvrir et prendre possession de son héritage sacré. Sans relâche, tambour battant, elle doit continuer le combat quotidien contre toutes les forces d'injustice. À l'homme qui veut réellement changer, nous l'invitons - si ce n'est pas déjà fait - à pendre sa place auprès d'elle et joindre cette nouvelle croisade qui n'est autre qu'un devoir civique et une obligation morale ! Comme le chante si bien Jean Ferrat, "La femme est l'avenir de l'homme."

Abuses by international corporations, withdrawal of social services and implementation of regressive legislation continue to impoverish women and reduce the quality of their everyday lives: women have reason to be demoralized. Recognizing this challenging and difficult situation, this volume reviews women's successes at feminizing Canadian institutions. It is intended to hearten the women's movement, and show the potential for feminist change and suggest ways to realize this potential.

Le XXIe siècle sera le temps des régulateurs et des environnements opérationnels en évolution continue. Régulateurs et opinions publiques deviennent des interlocuteurs essentiels de l'entreprise avec tout ce que cela implique comme opportunités, mais aussi comme risques. Dès lors, ses dirigeants considèrent ces derniers comme leur préoccupation majeure des années à venir. Ce livre propose une réponse à cette inquiétude en établissant les fondements théoriques et pratiques d'une fonction réelle au coeur de

L'entreprise: l'EnvOping, ou l'Interaction avec l'Environnement Opérationnel. C'est une nouvelle approche des fonctions de Corporate Affairs & Communications (CA&C) qui va permettre de mieux gérer les risques de réputation et de régulation, et faire progresser les CA&C d'un simple savoir-faire à une science avec son cursus universitaire. Il établit les 5 piliers de la gestion de l'interaction avec l'Environnement Opérationnel (l'EnvOp) et ses multiples acteurs pour fonder un métier nouveau: l'EnvOping Manager. Mélange de théorie et d'exemples pratiques tirés de la vie des entreprises, il fournit les outils qui permettent de créer ou de développer cette fonction au coeur des entreprises modernes.
