Agnes Davenport wants nothing more than a crime to put her in the same league as pulp fiction star Detective Jack Parker. She meticulously follows Parker's investigations and techniques as groundwork for her break into the world she is determined to enter as a female gumshoe. A train stop in Salt Lake City, Utah, introduces Agnes to a murder victim she encounters in a desolate Methodist Episcopal Church, a murder committed at the church in 1895. That year the Rev. Francis Hermans and his wife had moved to Salt Lake City to sprout their religion in the Mormon-dominated enclave. Agnes is not the only person interested in the old building and its past. Bootleggers find it a convenient way station leading up to prohibition, and so does the feisty entrepreneur Viola Templeton. Through a chance encounter between Agnes and Viola, a bond is formed, one that transcends their differing motives. Unbeknownst to Hermans' wife and his predominantly Scandinavian congregation, the reverend's past belies his piously crafted appearance. His was a façade embellished by a religious forbearance that belied an all-consuming desire for women, money, and adulation at any cost. The year is 1917, and together, Agnes and Viola hope to uncover the demons and mysteries the Rev. Hermans thought he had left behind over twenty years earlier.

This is the original version of A Whole New Crowd. It has only gone through one round of edits so it is rough. I make no apology for this. The edited version was released as A Whole New Crowd. This is being published at readers' requests. They want to own the original version as well so here it is in all its gritty and monstrously long glory. There is lots of sex so the reader is forewarned. Being framed for murder sucks. Being framed for the murder of your old friend-turned-enemy-turned-maybe-friend-again sucks even worse. The old Sheldon would've raised hell, but no, I've been nice. I've been quiet. I've not said a word while the headlines rip me to shreds, but now? All bets are off. I'm going to find out who did this to me and I'm going to make them pay. I don't care who will get hurt in the process.

Being crew is walking between two worlds. One world is normal: Prom. Parties. College. Those are the concerns they worry about. In our world, we deal with other situations. Cops. Drugs. Brawling. That's a typical day for us. But what if it wasn't? What if there came a day when you stopped? When you considered letting your enemies win? When you didn't fight back? When you chose a different path? First I lost my family. Then I got the Wolf Crew. I couldn't lose them too. But what happens when Cross, Zellman, and Jordan keep going... ..and I don't? Crew Princess is the second book in the Crew Series.

Making a living is hard. Especially in a lawless city where gods are real, dragons are traffic hazards, and buildings move around on their own. Opal Yong-ae has never let little things like impossibility stop her. She's a Cleaner: someone who buys abandoned apartments and sells off their contents. No matter how dangerous they may be...

Alexandra's older brother died the night he graduated. That day changed everything for her. No longer was she the party girl. No longer did she care about being popular and no longer was her family the happy unit she always thought existed. The only person who could help her heal is the same person who loved her brother as much as she did, his best friend. She only hopes to keep her entire heart from breaking when Jesse will move on, and she knows he will. After Ethan died, Jesse excelled at basketball, partying, and girls. He used it all to turn his emotions off, but the irony was that Alex was the only person who could do that for him. She helped him forget, but she was the one person he shouldn't be with because the secrets he knows could shatter everything. They could shatter her. This is part one, so expect a cliffhanger for an ending.

I asked for his criteria for bed buddies-that's the PG version. He swore at me and said he didn't do groupies. And just like that, our friendship was off to a great start. Reese Forster was the starting point guard for the Seattle Thunder. Gorgeous. Cocky. Loved by the nation. He's also attending preseason basketball training camp where I used to work. Correction: where I work again, because I was fired from my last job. And dumped. And I might have a tiny bit of baggage, but that's normal. Right? Reese and I shouldn't have become friends. We shouldn't have become roommates. And we really shouldn't have started sleeping together ... (Except we did.) I'm adorably psychotic. He's in the NBA. This is not a disaster waiting to happen, at all.

Rule #1: No hot guys. It might sound ridiculous. I get it. It kind of was, but college was supposed to be my sanctuary. It was my place to start over. The rumors, the whispers, and the jealousy I endured through high school would all be gone. No one would know me at college. Rule #2: No drama. I'd major in pre-law. I'd make a few loyal friends. Everything would be easy-breezy. No one was going to use me or hurt me. I wouldn't let them. Rule #3: New year. New place. New me. Right? Wrong. And all because of Shay Coleman. Football captain and quarterback, he was the big guy on campus. The cocky guy in my political science class with a smirk. I hated him on sight and he was about to break all my rules. Hate To Love You is a full-length standalone. There are elements that deal with the dark side of college.

I'm held captive. I'm being tortured daily. They want what is inside of me, but the problem is that they don't realize what they want or how wrong they are. My power is unknown to the world. I am a mythical creature to the supernatural. So what happens when my power is released? When it takes over me? When I become the worst nightmare they never imagined? They're going to find out. He walked into school on his first day and owned it. I guess that's what happens when you're a prick, rich, and you're best friends with the ruling school's king. Also didn't hurt he's drop dead gorgeous. That's all fine. I mean, I have nothing to do with them. I'm a loner, invisible, and that's how I wanted it to be. I was even proud of it, until I wasn't. Until I saw a girl kneel before him. Until I couldn't look away. Until he caught me watching. His name is Blaise Devroe. My name is Aspen Monson. He only knew how to get, command, and demand attention. I knew how to do everything but that. And this is our story.

Taryn grew up in a different world. Her boyfriend was a criminal. His older brother was part of a gang. They weren't great people, but they were her family. Then everything changes when she's adopted by a family in the neighboring town. New family. New friends. A new world. She's elated. This is her chance for a new beginning, but secrets start being revealed and Taryn learns her new life has some ties to her old one, ties that she's not happy about. Her new family might not have been the lucky break she thought she had. Now she's not only fighting to live that new future, but she's fighting to survive as well.

New school. New friendships. New life. Not so much. Alexandra is pissed about her parents abandoning her. She's beyond pissed that her friends did the same. She's enraged because things are unclear about her brother's death now. So her first stop is at Jesse's house to demand answers. She wants to know why her brother was friends with the criminal crowd before he died and she knows he holds the answers. But when she sees him, she doesn't get the answers she expected. Instead, she finds out that their chemistry never faded and soon heats up again! Some habits die hard. Soon Jesse and Alex are back to their ways of sneaking around. He's a near-celebrity at school and she doesn't want to deal with the backlash of being his girlfriend. Alex is tired of being hurt so she's learned the lesson not to confide and lean on others. However, she can't seem to help herself when it comes to Jesse Hunt. The big question isn't if she will survive if their relationship goes public, it's if she will survive when the real truths about her family and brother come out? Or when she learns that Jesse knows more than what he's told her?

I shouldn't have remembered him. He was just a guy who walked through a restaurant. I didn't know his name. We never made eye contact. There was no connection between us at all. But I could feel him. The tingle down my spine. The command in his presence. The snap of tension in the air around him. That was the first time I saw him, and I was captivated. The second time was different. He was in the mysterious back elevator of my apartment building. Our eyes met for a fleeting second before the doors closed, and I was staggered. My breath was robbed. My senses on high alert. My body hummed. That was just the beginning. He was the leader of the mafia. I was about to fall in love with him, and his name... Cole Mauricio. **Full length stand-alone Cutler Ryder was everything I wasn't. He was the hockey star. I was an outcast. He was best friends with my stepbrother, that same stepbrother who hated me. His two parents loved him. My mom was a junkie. My dad barely knew me. Years passed. I got my life together. Cut went onto NHL stardom. Then there was a text. I was drinking. There was a party. Cut was there... I loved Cutler Ryder since the first moment I saw him. The only problem? He never knew I existed.

From the New York Times bestselling author Tijan comes a new stand alone romance. One punch took him from Hollywood's Golden Boy to Bad Boy Brody. The media didn't care he was grieving his brother's death. They descended on him, but to change his reputation, his manager got him a deal. Act in an indie film, one that already had Oscar buzz, and he'd get the movie roles he needed to secure his future. He took the deal. Yet he wasn't prepared for the real-life people behind the script. He wasn't prepared for the murder the movie was based on. And he really wasn't prepared for her, the biggest secret of all. She was wild. She was beautiful. She defied gravity. But was she the leading role that would tame him?

Being empathic is the least of Davy's problems. She wants to go to college and live a normal life until someone gives her something she doesn't want. Now she has to deal with the supernatural and a prophecy that no one knows about.

Sam's first day at Fallen Crest Public doesn't go well. Some girls want to be her. Some girls want to destroy her. And some just don't like her. All in all, despite being protected by Mason and Logan, it's still only the strong survive. Sam will not only have to survive, she needs to learn how to conquer too, but there's another battle growing. Things are about to come to a disastrous end between the towns, Roussou and Fallen Crest. Sam's other main dilemma? Keeping Mason and Logan from getting arrested or hospitalized.

We were on the front lines in that world, the mafia world. There was nothing soft or glamorous about it. Who you were before no longer mattered. Names didn't exist. I joined anyway. I had no other choice because they took my sister. Join. Find her. Try and make it out alive. Then he won me in a poker game. I hated him instantly, thinking he was like my other bosses before him. He wasn't. He was worse. He wasn't just cold. He was dead inside. It didn't matter that he was gorgeous. He was the most lethal thing I'd ever met. He was also the only person who could keep me alive, if he didn't kill me himself.
