Elise Gravel wants to write a totally

readers on an unexpected journey through the world's most boring book. The story's characters and omniscient readers alike quickly become annoyed by the author's bland imagination and rebel against her tired tropes and

## File Type PDF Le Copain De Trotro

stale character choices, spouting sass in an attempt to get her attention and steer the narrative in a more interesting direction. After all, you don't even have to buy the book, but the characters? They're stuck in there for an eternity, and they're

## File Type PDF Le Copain De Trotro

going to do their best to make the most of it, or at least have a little fun where they can. As the charming and bizarre true nature of the characters overpowers the dry attributes given to them by the author, this once blas é story quickly picks up

speed, transforming the story into something much more unique than originally promised. With Gravel's signature goofy characters behind the wheel, no silly twist or rude body function is off the table!
