Panchatantra is perhaps the oldest compilation of moral stories, and even today it is as popular as in olden days. It is believed that Panchatantra was written by a great Hindi Pandit, Vishnu Sharma in 2000 B.C. Panchatantra means five theories. This is a moral science which teaches us to follow the path of morality in life. The stories of Panchatantra prove to be useful in modern, materialistic, individual, and tensed life and they guide young readers to get success understanding the nature of human beings. Salient Features
1. Simple and lucid language
2. Each story with a moral
3. Word meanings for vocabulary-building
4. Practice exercises for knowing a topic and situation
Panchatantra is available in precise form for children. In fact, the stories of Panchatantra are very useful and practical for elders. This book is very useful and readable for students and people of all classes.

Dyslexia in First and Foreign Language Learning

Learn Odia Through Hindi(With Cd)(Hindi To Odia Learning Course)

Panchatantra Story (2x30/16)

According to International Educational Statistics (2008), there are total of 654.9 million school-age children in the world. If dyslexia affects 10015% of these youth (Fletcher et al, 2007), this translates to approximately 65/98 million students with difficulties in reading and writing. The EU strategic plan for education (2010) recognises the need for EU citizens to speak a foreign language. As such, foreign language courses are introduced on an obligatory basis at the primary level of education. Dyslexic students are not exempt from this regulation, and, thus, are confronted with different language systems that must be mastered. The difficulty here escalates if the systems differ significantly in their levels of orthographic transparency. Reading and writing are operationalised by the same biological functions that are defined by the universal perspective. However, language systems differ in terms of their transparency; for example, English and French are considered opaque scripts, whereas Spanish and Italian are described as transparent orthographies. These differences are discussed in this book as part of the language specific perspective, which can, in turn, raise questions such as: 'Is a dyslexic student equally impaired in any language they study?' and 'Is the type of difficulty primarily dependent on the language system or is it rather a dyslexia syndrome?'. This volume provides answers through a synthesis of research on reading difficulties in first and foreign languages and existing taxonomies of dyslexia sub-types.

On learning 15 Indian languages through Hindi and English.

In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of learning English - explained with examples. Carefully selected and graded exercises have also been included throughout the book to give readers ample practice and a complete understanding of the subject. In short, the book follows the modern functional approach to the study of English. So readers, it is definitely a one-stop solution for speaking English!

A legendary language learning course undoubtedly! Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have unanimously declared it as the best self-study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market.What is the secret of its great popularity? Maybe, a no-nonsense down-to-earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just an another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well are of its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases.So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. Multilinguals are not multiple monolinguals. Yet multilingual assessment proceeds through monolingual norms, as if fair conclusions were possible in the absence of fair comparison. In addition, multilingualism concerns what people do with language, not what languages do to people. Yet research focus remains on multilinguals’ languages, as if languages existed despite their users. This book redresses these paradoxes. Multilingual scholars, teachers and speech-language clinicians from Europe, Asia, Australia and the US contribute the first studies dedicated to multilingual norms, those found in real-life multilingual development, assessment and use. Readership includes educators, clinicians, decision-makers and researchers interested in multilingualism.

**NEW YORK TIMES BESTSELLER** • In this thoughtful and revealing memoir, readers will accompany one of the world’s most recognizable women on her journey of self-discovery. “I have always felt that life is a solitary journey, that we are each on a train, riding through our hours, our days, our years. We get on alone, we leave alone, and the decisions we make as we travel on the train are our responsibility alone.” A remarkable life story rooted in two different worlds, Unfinished offers insights into Priyanka Chopra Jonas’s childhood in India; her formative teenage years in the United States; and her return to India, where against all odds as a newcomer to the pageant world, she won the national and international beauty competitions that launched her global acting career. Whether reflecting on her nomadic early years or the challenges she has faced as she has doggedly pursued her calling, Priyanka shares her challenges and triumphs with warmth and honesty. The result is a book that is philosophical, sassy, inspiring, bold, and rebellious. Just like the author herself. From her dual-continent twenty-year-long career as an actor and producer to her work as a UNICEF Goodwill Ambassador, from losing her beloved father to cancer to marrying Nick Jonas, Priyanka Chopra Jonas’s story will inspire a generation around the world to gather their courage, embrace their ambition, and commit to the hard work of following their dreams.
