

Letter Requesting Money Donation For Coaches Gift

A letter, dated 1925, from the Library Committee requesting that alumni donate money or books to build the library collection that will be housed in the new Heber J. Grant Library Building.

"Working from research conducted over six years with hundreds of charities and donors, 'Donor-Centered Fundraising' paints a candid picture of why donors stop giving to charities they once supported, and what it will take to preserve their loyalty in the future. In clear language and backed by statistical evidence, Penelope Burk explores the pitfalls of our traditional approaches to donor communication and recognition and articulates what donors want but seldom get from the charities they support. The book features straightforward and accessible calculations that show how much money charities are failing to raise, and offers a step-by-step procedure for testing a donor-centered alternative and gaining its acceptance in any organization."--From publisher description.

The church is not a business—but it often has to conduct aspects of business. When a church needs a lawyer, it hires a lawyer. When it

needs a plumber, it hires a plumber. But when it comes to making business decisions, it typically doesn't consult someone with business expertise. Instead, it convenes well-meaning but often inexperienced volunteers to form a committee that takes a month to make a decision about which color to paint the nursery. Conducting business this way is a vision killer that drains the passion out of creative, relational pastors and ministry leaders. Bottom line: The modern church is being poorly managed but does not know it. The level of inefficiency and waste in today's churches is staggering. Minding His Business was written specifically for churches to convey basic business wisdom, management principles, and the best business practices. Unlike intimidating business textbooks, it includes forty short vignettes designed to be read like a daily devotional. Each chapter deals with everyday challenges and offers real-life examples—derived from the author's more than thirty years of experience—that show how to (and sometimes how not to) handle each situation of conducting business for the church. Are you minding His business?

There has never been a greater need for raising the funds necessary to promote the causes that will help build a sustainable future. In Money for the Cause: A Complete Guide to Event Fundraising, veteran nonprofit executive director Rudolph A. Rosen lays out field-tested approaches that have been among those that helped him and the teams of volunteers and professionals he has worked with raise more than \$3 billion for environmental conservation. As Rosen explains, fundraising events can range from elite, black-tie affairs in large cities to basement banquets and backyard barbeques in small-town America. Money for the Cause runs the gamut, demonstrating methods adaptable to most situations and illustrating both basic and advanced techniques that can be duplicated by everyone from novice volunteers to experienced event planners. Each chapter begins with a pertinent, real-life

anecdote and focuses on major areas of event fundraising: business plans and budgets, raffles and auctions, tax and liability matters, contract negotiation, games and prizes, site selection, food service, entertainment, publicity, mission promotion, food and drink service, and effective team building and use of volunteers. The author applies each topic to the widest possible range of events, providing practical detail and giving multiple examples to cover the differences in types of organizations and their fundraising activities. Whatever the funding objective may be, Money for the Cause: A Complete Guide to Event Fundraising is both a textbook and a practical reference that will be indispensable to anyone involved in mission-driven organizations, whether as a volunteer, a professional, a student, or an educator.

In this easy-to-read guide, Kay Lautman, a renowned direct-response fundraising consultant maps out everything you need to know to prospect for new members renew memberships, and conduct house appeals.

"Fundraising has a major problem facing its sustainability, and it has nothing to do with the charitable tax deduction, with the transfer of wealth, or with the new generation of donors -- the millennials. It has everything to do with donor retention. Average donor retention rates for first time donors hover at a dismal less than 30% rate. Yet a focus on acquisition cannot be the whole

solution -- not when studies reveal that donor acquisition costs seven times as much as retention. It's more cost effective to keep the donors an organization has than to chase new ones. A well-executed, strategic donor relations program is key to successful fundraising. In this book, Lynne Wester of Donor Relations Guru® helps you rethink donor relations practices and offers specific tips for more powerful acknowledgements, stewardship and impact reporting, recognition, and donor engagement."--Publisher's website.

Drawing on hitherto neglected archival materials, Zohar Segev sheds new light on the policy of the World Jewish Congress (WJC) during the Holocaust. Contrary to popular belief, he can show that there was an impressive system of previously unknown rescue efforts. Even more so, there is evidence for an alternative pattern for modern Jewish existence in the thinking and policy of the World Jewish Congress. WJC leaders supported the establishment of a Jewish state in Palestine but did not see it as an end in itself. They strove to establish a Jewish state and to rehabilitate Diaspora Jewish life, two goals they saw as mutually complementary. The efforts of the WJC are put into the context of the serious difficulties facing the American Jewish community and its representative institutions during and after the war, as they tried to act as an ethnic minority within American society.

Money for the Asking explores the basics of fundraising for music library professionals. Music libraries face many challenges today, including shrinking budgets. Fundraising is one way to increase a library's resources, but few books address

fundraising opportunities specifically for music libraries. In this concise volume Peter Munstedt provides practical advice for music librarians who want to initiate fundraising. Based on his depth of experience, the author explains the importance of promoting a library's needs, which can be critical in establishing fundraising efforts. Working with individual donors is essential for any fundraising program. The book differentiates four essential steps that development professionals employ when working with donors, including identification, cultivation, solicitation, and stewardship. There is also an explanation of the various types of donations, such as gifts in kind, monetary gifts, endowments, and planned giving. Obtaining resources through grants is another significant aspect of fundraising. The book covers corporation, foundation, and government grants within the context of music libraries. Other methods of raising money are also described, including several kinds of fundraising events, such as benefit concerts, book sales, as well as other public and private events. While encouraging music libraries to pursue fundraising, the author also cautions about several subtle issues that

consist of hidden costs, internal politics, and ethical concerns. This book reveals principles in the professional development world as seen through the eyes of a music librarian. The author explains real-life experiences in a music library setting, including case studies from his library. Also provided are examples of fundraising web pages from various other music libraries. The book reveals the positive effects and actual benefits that fundraising can bring to a music library. Money really is there for the asking.

In the late 1800s a supremely qualified woman educator and administrator made an unforgettable imprint on well-known missionaries, educators, and preachers. Emma Dryer worked with Pacific Garden Mission's George and Sarah Clarke, Methodist deaconess Lucy Rider Meyer, Wheaton College President Charles Blanchard, Anna Spafford--whose husband wrote the beloved hymn It is Well with My Soul--and many others. However, her greatest achievement came from her

divinely guided association with evangelist Dwight L. Moody. Moody Bible Institute in Chicago, with its compelling and far-reaching ministries, would undoubtedly not exist today if not for the driving missionary fervor of Emma Dryer. Her story is finally being told in light of this association. A close examination of her ministry relationship with Mr. Moody reveals the interconnected aspects of their lives from a viewpoint never before written. This includes examining their leadership styles and effectiveness in modern day terms as well as contrasting their learning styles, strengths, and weaknesses as both evangelist and educator. This book represents the first biography of Emma Dryer's life with undying evidence of the answered prayers of a noble and virtuous woman who dedicated her life to serve and honor Christ until his eminent return.

All of us, as Canadians, are touched throughout our lives by some aspect of social welfare, either as recipients, donors, or taxpayers. But despite the importance of the social network in our country, there has been no single source of information about this critical component of our society. Even professionals in the field of social work or social services have not had a comprehensive volume addressing the myriad features of this critical societal structure. The Encyclopedia of Canadian Social Work fills this need. Over five hundred topics important to Canadian social work are covered, written by a highly diverse group of social workers covering all aspects of

the field and all areas of the country. Practitioners, policy makers, academics, social advocates, researchers, students, and administrators present a rich overview of the complexity and diversity of social work and social welfare as it exists in Canada. The principal finding from this project underscores the long-held perception that there is a Canadian model of social work that is unique and stands as a useful model to other countries. The Encyclopedia of Canadian Social Work will be an important source of information, both to Canadians and to interested groups around the world. The Encyclopedia of Canadian Social Work is available in e-book version by subscription or from university and college libraries through the following vendors: Canadian Electronic Library, Ebrary, MyiLibrary, and Netlibrary.
