This book explores the ways in which Ovid's poem, Metamorphoses, and Gabriel Garc í a M á rquez's novel, One Hundred Years of Solitude, use magical devices to construct their literary realities. The study examines in detail the similarities and differences of each author's style and investigates the impact of politics and culture upon the magical and frequently brutal realities the two authors create

in their works. Ultimately the book is interested in the use of magical elements by authors in political climates where freedoms are being restricted, and by using magical realism to explore Ovid's *Metamorphoses*, it is able to illuminate aspects of the regime of emperor Augustus and the world of Ovid and demonstrate their closeness to that of García Márquez's Colombia. BR> Lorna Robinson holds a PhD in Classics from University College London. She is the author of *Cave Canem: A Miscellany of Latin Words and Phrases* and the essay 'The Golden Age in *Metamorphoses*' and 'One Hundred Years of Solitude' in *A Companion to Magical Realism* (Tamesis, 2005).

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

In this exhaustive and enlightening biography—nearly

two decades in the making—Gerald Martin dexterously traces the life and times of one of the twentieth century's greatest literary titans, Nobel Prize-winner Gabriel García Márquez. Martin chronicles the particulars of an extraordinary life, from his upbringing in backwater Colombia and early journalism career, to the publication of *One Hundred Years of Solitude* at age forty, and the wealth and fame that followed. Based on interviews with more than three hundred of Garcia Marquez's closest friends, family members, fellow authors, and detractors—as well as the many hours Martin spent with 'Gabo' himself—the result is a revelation of both the writer and the man. It is as gripping as any of Gabriel García Márquez's powerful journalism, as enthralling as any of his acclaimed and beloved fiction.

Genealogy and Literature was first published in 1995. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Traditionalists insist that literature transcends culture. Others counter that it is subversive by nature. By challenging both claims, *Genealogy and Literature* reveals the importance of literature for understanding dominant and often violent power/knowledge relations within a given society. The authors explore the ways in which literature functions as a cultural practice, the links between death and literature as a field of discourse,

and the possibilities of dismantling modes of bodily regulation. Through wide-ranging investigations of writing from England, France, Nigeria, Peru, Japan, and the United States, they reinvigorate the study of literature as a means of understanding the complexities of everyday experience. Contributors: Claudette Kemper Columbus, Lennard J. Davis, Simon During, Michel Foucault, Ellen J. Goldner, Tom Hayes, Kate Mehuron, Donald Mengay, Imafedia Okhamafe, Lee Quinby, José David Saldivar, Malini Johar Schueller. Lee Quinby is professor of English and American studies at Hobart and William Smith Colleges. She is the author of *Anti-Apocalypse: Exercises in Genealogical Criticism* (Minnesota, 1994). Magical realism can lay claim to being one of most recognizable genres of prose writing. It mingles the probable and improbable, the real and the fantastic, and it provided the late-twentieth century novel with an infusion of creative energy in Latin America, Africa, Asia, and beyond. Writers such as Alejo Carpentier, Gabriel García Márquez, Isabel Allende, Salman Rushdie, Ben Okri, and many others harnessed the resources of narrative realism to the representation of folklore, belief, and fantasy. This book sheds new light on magical realism, exploring in detail its global origins and development. It offers new perspectives of the history of the ideas behind this literary tradition, including magic, realism, otherness, primitivism, ethnography, indigeneity, and space and

time.

New Readings

From the Foundations in Global Studies series, this text offers students a fresh, comprehensive, multidisciplinary entry point to Latin America. After a brief introduction to the study of the region, the early chapters of the book survey the essentials of Latin American history; important historical narratives; and the region's languages, religions, and global connections. Students are guided through the material with relevant maps, resource boxes, and text boxes that support and guide further independent exploration of the topics at hand. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or subregion and a particular issue. Each chapter gives a flavor for the cultural distinctiveness of the particular country yet also draws attention to global linkages. Readers will

come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped Latin America as we know it today, and of current issues that have relevance in Latin America and beyond.

“This is a beautiful farewell to two extraordinary people. It enthralled and moved me, and it will move and enthrall anyone who has ever entered the glorious literary world of Gabriel García Márquez.”—Salman Rushdie “In A Farewell to Gabo and Mercedes Rodrigo Garcia finds the words that cannot be said, the moments that signal all that is possible to know about the passage from life to death, from what love brings and the loss it leaves. With details as rich as any giant biography, you will find yourself grieving as you read, grateful for the profound art that remains a part of our cultural heritage.”—Walter Mosley, New York Times

bestselling author of *Down the River Unto the Sea* “An intensely personal reflection on [Garcia's] father's legacy and his family bonds, tender in its treatment and stirring in its brevity.”—Booklist (starred review) The son of one of the greatest writers of our time—Nobel Prize winner and internationally bestselling icon Gabriel García Márquez—remembers his beloved father and mother in this tender memoir about love and loss. In March 2014, Gabriel García Márquez, one of the most acclaimed writers of the twentieth century, came down with a cold. The woman who had been beside him for more than fifty years, his wife Mercedes Barcha, was not hopeful; her husband, affectionately known as “Gabo,” was then nearly 87 and battling dementia. I don't think we'll get out of this one, she told their son Rodrigo. Hearing his mother's words, Rodrigo wondered, “Is this how the end begins?” To make sense of events as they unfolded, he began to write the story of García Márquez's final days. The result is this intimate and honest account that not only contemplates his father's mortality but reveals his remarkable humanity. Both an illuminating memoir and a heartbreaking work of reportage, *A Farewell to Gabo and Mercedes* transforms this towering genius

from literary creator to protagonist, and paints a rich and revelatory portrait of a family coping with loss. At its center is a man at his most vulnerable, whose wry humor shines even as his lucidity wanes. Gabo savors affection and attention from those in his orbit, but wrestles with what he will lose—and what is already lost. Throughout his final journey is the charismatic Mercedes, his constant companion and the creative muse who was one of the foremost influences on Gabo's life and his art. Bittersweet and insightful, surprising and powerful, *A Farewell to Gabo and Mercedes* celebrates the formidable legacy of Rodrigo's parents, offering an unprecedented look at the private family life of a literary giant. It is at once a gift to Gabriel García Márquez's readers worldwide, and a grand tribute from a writer who knew him well. "You read this short memoir with a feeling of deep gratitude. Yes, it is a moving homage by a son to his extraordinary parents, but also much more: it is a revelation of the hidden corners of a fascinating life. *A Farewell to Gabo and Mercedes* is generous, unsentimental and wise." —Juan Gabriel Vásquez, author of *The Sound of Things Falling* "A warm homage filled with both fond and painful

memories." –Kirkus "Garcia's limpid prose gazes calmly at death, registering pain but not being overcome by it . . . the result is a moving eulogy that will captivate fans of the literary lion." – Publishers Weekly

Gabriel García Márquez is Latin America's most internationally famous and successful author, and a

His name has become closely associated with Magical Realism, a phenomenon that has been immensely influential in world literature. This Companion, first published in 2010, includes new and probing readings of all of García Márquez's works, by leading international specialists. Written for students and readers of García Márquez, the Companion is accessible for non-Spanish speakers and features a chronology and a guide to further reading. This insightful and lively book will provide an invaluable framework for the further study and enjoyment of this major figure in world literature. How can we talk about World Literature if we do not actually examine the world as a whole? Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery, ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South. *Re-Mapping World Literature* suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current

literary maps. Using the example of Latin American literatures, this study provides innovative insights into the literary modeling of shared historical experiences, epistemological crosscurrents, and book market processes within the Global South which thus far have received scant attention. The contributions to this volume, from renowned scholars in the fields of World and Latin American literatures, assess travelling aesthetics and genres, processes of translation and circulation of literary works, as well as the complex epistemological entanglements and shared worldviews between Latin America, Africa and Asia. A timely book that embraces highly innovative perspectives, it will be a must-read for all scholars involved in the field of the global dimensions of literature.

This volume of essays constitutes a critical reappraisal of a front-rank world author, Gabriel García Márquez. Its principal objective is to reflect the breadth and variety of critical approaches to literature applied to a single corpus of writing; here, the major novels (including *Love in the Times of Cholera*, 1986) and a selection of his short fiction are considered.

Set on the Caribbean coast of South America, this love story brings together Fermina Daza, her distinguished husband, and a man who has secretly loved her for more than fifty years.

Hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society--not just a pair of murderers--is put on trial. Gabriel García Márquez was born in Colombia in 1927. He was awarded the Nobel Prize in Literature in 1982. He is the author of many works of fiction and nonfiction,

including *One Hundred Years of Solitude*, *Love In The Time Cholera*, *The Autumn Of The Patriarch*, *The General In His Labyrinth*, and *News Of A Kidnapping*. He died in 2014. This dissertation defines magic realism as a product of the colonized imagination that constructs alternative "spaces" in the local landscape as a means of cultural survival. These spaces become the site of transcendent mythical experience linking the local population to a strong cultural ancestry predating the colonial event. While the term "magic realism" is often confined to certain modernist and postmodern Latin American writers, reading it as a product of colonial experience broadens its definition, making feasible its application to other marginalized populations, such as Faulkner's postbellum South, Morrison's Midwestern African American communities, and the Chicano Southwest described by John Nichols. These works transcribe an impulse toward the creation of a sense of indigenusness, source of the marvelousness at the core of culture that I term "vernacular magic." These writers, in the act of describing their homes as marvelous, participate in constructing home for the marginalized groups for whom they write. Using Deleuze and Guattari's term "becoming-minor," I show how Faulkner articulates not the position of minority groups, i.e. the African Americans that lurk in the shadows of many of his novels (though, conspicuously, not *The Hamlet*), but the position of the marginalized southerner victimized by the encroaching

Northern industrialized economic system. We see in Faulkner the beginnings of a magical landscape, one that speaks to the strength of the community and its ancestral culture. Gabriel Garcia Marquez's *One Hundred Years of Solitude* amplifies Faulkner's efforts through a similar use of marvelous landscape. The focus of Morrison's *Sula* is the community of the Bottom, itself a marginalized location on the outskirts of Medallion, Ohio. Toni Morrison's *Sula* follows what has developed into magic realist pattern: articulations of a borderland where community "difference" signifies solidarity in the face of situational colonization. John Nichols' *The Milagro Beanfield War* depicts a battle for natural resources between Chicano peasants in New Mexico and Yankee land developers. The myths of the "native" community, including the particular cosmology and sense of indigenosity, inspire the marvelous victory.

A Critical Companion

Casebooks in Criticism offer analytical and interpretive frameworks for understanding key texts in world literature and film. Each casebook reprints documents relating to a work's historical context and reception, presents the best critical studies, and, when possible, features an interview with the author. Accessible and informative to scholars, students, and nonspecialist readers alike, the books in this series provide a wide

range of critical and informative commentaries on major texts. Gabriel García Márquez's *One Hundred Years of Solitude* is arguably the most important novel in twentieth-century Latin American literature. This Casebook features ten critical articles on García Márquez's great work. Carefully selected from the most important work on the novel over the past three decades, they include pieces by Carlos Fuentes, Iris Zavala, James Higgins, Jean Franco, Michael Wood, and Gene H. Bell-Villada. Among the intriguing aspects of the work discussed are its mythic dimension, its "magical" side, its representations of women, its relationship with past chronicles of exploration and discovery, its portrayals of Western power and imperialism, its astounding diffusion throughout the globe and the media, and its simple truth-telling, its fidelity to the tangled history of Latin America. The book incorporates several theoretical approaches--historical, feminist, postcolonial; the first English translation of Fuentes's renowned, oft-cited, eight page meditation on the work; a general introduction; and a 1982 interview with García Márquez.

of observation, *Playing with Baby* distills the experts' findings for new parents, giving them a guide to the first year of a baby's life and the growth of his or her individual mind. Through specific month-by-month play options and the research behind them, psychoanalyst Laurie Hollman helps us understand how to create secure attachments between baby and mother even before they can communicate with language. While aiding natural development is a big plus, the real payoff for parents comes from the baby's reaction: when we play on the baby's level, we engage and connect more deeply—and we have more fun!

gathers fifteen essays by noted scholars in the fields of Latin American literature, politics, and theater. The volume offers broad overviews of the Colombian author's total body of work, along with closer looks at some of his acknowledged masterpieces. The Nobel laureate's cultural contexts and influences, his variety of themes, and his formidable legacy (Hispanic, U.S., world-wide) all come up for consideration. New readings of One Hundred Years of Solitude are further complemented by fresh, stimulating, highly detailed examinations of his later novels (Chronicle of a Death Foretold, The General in His Labyrinth, Of Love and Other Demons) and stories (Strange Pilgrims). Further attention is focused on "Gabo's" labors as journalist and as memoirist (Living to Tell the Tale), and to his sometime relationships with the cinema and the stage. Reactions to his enormous stature on the part of younger writers, including recent signs of backlash, are also given thoughtful scrutiny. Feminist and ecocritical interpretations, plus lively discussions of Gabo's artful use of humor, character's names, and even cuisine, are to be found here as well. In the wake of García Márquez's passing away in 2014, this collection of essays serves as a fitting tribute to one of the world's greatest literary

figures of the twentieth century.
