Many corporate managers struggle to see the relevance of accounting in their everyday responsibilities. Weygandt shows them how managerial accounting information fits in the larger context of business so they are better able to understand the important concepts. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY)

climate! All the bases for bidding and estimating are covered, along with the justification of profit and definitions of overhead. Find out where to locate trained workers and how to manage your team, plus get tips on future planning, succession, and more. A chapter on specialty work addresses datacom, security, and fire alarm contracting.
