

Millard Erickson Christian Theology Part

Dallas Seminary Professors Make Basic Theology Accessible for All Theology doesn't have to be complicated. In this book, trusted Dallas Seminary professors present a concise systematic theology that distills the essential spiritual truths in a way that makes sense to readers--students, lay people, and pastors. Here are introductions, overviews, and reviews of key tenets of orthodox protestant evangelical doctrines. The book also includes an annotated list of key applicable Bible texts, a quick-paced story of doctrine throughout church history, heresies or distortions to be aware of, and more. Exploring Christian Theology is useful for discipleship, catechism, membership training, preview or review of doctrine, or quick personal reference. It can also be used by ministry training programs, Bible colleges, or seminaries as an introductory primer to orient students in preparation for a more in-depth study of theology.

Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974. Now this comprehensive, standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology, an augmented bibliography, and an entirely new subject index.

The Learning Church series offers a range of short introductions to some of the key themes of Christian theology, life and discipleship.

The trinity is the least understood and most important concept in the church. Yet many would just as soon jettison it in the interest of ecumenical unity. God in Three Persons defends the significance of a trinitarian definition and explains it in understandable terms.

The Destiny of Those who Do Not Hear of Jesus

Theology in the Context of World Christianity

A Defense of "Traditional" Southern Baptist Soteriology

A leading evangelical theologian provides a comprehensive examination of the various evangelical views of the millennium (and other eschatological subjects).

Leading evangelical scholar Millard Erickson offers a new edition of his bestselling doctrine text (over 100,000 copies sold), now thoroughly revised throughout. This book is an abridged, less technical version of Erickson's classic Christian Theology. Pastors and students alike will find this survey of Christian theology and doctrine to be biblical, contemporary, moderate, and fair to various positions. It is a practical and accessible resource that applies doctrine to Christian life and ministry. This book is supplemented with helpful web materials for students and professors through Baker Academic's Textbook eSources.

A revised edition of Erickson's successful systematic theology with updated text and new pedagogical aids, such as chapter outlines, chapter objectives, and study questions.

Theologians often discuss method in a remote and preliminary way that suggests they are not yet speaking theologically when speaking methodologically. But it is also possible to reflect on the work of Christian dogmatics in a way that is self-consciously nourished by biblical reasoning, resourced by tradition, joined up with ecclesial practice, and alert to spiritual dynamics. Bringing together theologians who are actively engaged in the writing and editing of extended dogmatics projects, The Task of Dogmatics represents the proceedings of the 2017 Los Angeles Theology Conference and seeks to provide constructive accounts of the nature of the dogmatic task.

Written with passion by experts in their field, concise and accessible books feature color illustrations and explore a sweeping range of topics, including history, philosophy, religion, mathematics and more.

From Augustine to Gutierrez, from Creation to Eschatology, this volume: provides a rich selection of the most important readings from classical, modern, and contemporary theologians covers all the major doctrines of Christian belief is carefully edited to provide key passages and concentrated readings can be used in conjunction with such introductions as Christian

Most historical theology texts follow Christian beliefs chronologically, discussing notable doctrinal developments for all areas of theology according to their historical appearance. And while this may be good history, it can make for confusing theology, with the classic theological loci scattered throughout various time periods, movements, and controversies. In History to study the historical development of theology according to a topical-chronological arrangement, setting out the history of Christian doctrine one theological element at a time. Such an approach allows readers to concentrate on one tenet of Christianity and its formulation in the early church, through the Middle Ages, Reformation, and post-Reformation era, and in primary source material as well, citing the words of Cyprian, Augustine, Aquinas, Luther, Calvin, Barth, and others. Allison references the most accessible editions of these notable theologians' work so that readers can continue their study of historical theology through Christian history's most important contributors. Historical Theology is a superb resource for those interested in understanding the development of Christian theology.

Millard Erickson identifies practioners of a new theological movement in evangelicalism that he contends have adopted a postconservative position and have drifted from the fundamental affirmations of conservative evangelicalism.

Reclaiming the Center

Encountering Postconservative Evangelical Theology

Anyone Can Be Saved articulates a biblical-theological explanation of the doctrine of salvation in light of the rise of Calvinistic theology among Southern Baptist churches in the United States. Ten scholars, pastors, and leaders advocate for the ten articles of the Traditional Statement by appealing to Scripture, the Baptist Faith and Message, and a variety of biblical, theological, and philosophical writings. Although many books address the doctrine of salvation, these authors consciously set aside the Calvinist-Arminian presuppositions that have framed this discussion in western theology for centuries. The contributors are unified in their conviction that any person who hears the gospel can be saved, a view that was found among earlier Baptists as well as other Christian groups today. This book is not meant to be the final word on Southern Baptist soteriology, but is offered as a peaceable contribution to the wider conversation on the doctrine of salvation.

A 2002 Christianity Today Book of the Year! Postmodernism. The term slowly filtered into our vocabularies about three decades ago and now permeates most discussions of the humanities. Those who tout the promises and perils of this twentieth-century intellectual movement have filled many a bookshelf. And in a previous book, *Postmodernizing the Faith: Evangelical Responses to the Challenge of Postmodernism*, Millard J. Erickson provided his own summary of several evangelical responses--both positive and negative--to the movement. Now in this book Erickson offers his own promised in-depth analysis and constructive response. What are the intellectual roots of postmodernism? Who are its most prominent exponents? What can we learn from their critique of modernism? Where do their assumptions and analyses fail us? Where do we go from here? What might a post-postmodernism look like? Erickson addresses these issues with characteristic discernment, clarity and evenhandedness, neither dismissing the insights of postmodern thought nor succumbing uncritically to its allure. An important book for all who are concerned with commending Christian truth to the culture within which we live.

Doctrine isn't just for theologians—it's important for every Christian because it shows us who God is and how we should live. Systematizing the robust theology that has undergirded Dr. John MacArthur's well-known preaching ministry for decades, this overview of basic Christian doctrine covers topics such as God the Father, Jesus Christ, the Holy Spirit, the Bible, salvation, and more.

Comprehensive in scope yet written to be accessible to the average reader—with non-technical vocabulary, minimal footnotes, and a helpful bibliography—this volume offers Christians a solid foundation for what they believe and why.

A respected author offers this detailed, well-documented exploration of the person of Christ that is accessible for laypersons and stimulating for academics. Top-notch reading.

How Shall They be Saved?

Making Sense of the Trinity

It's no secret that the center of Christianity has shifted from the West to the global South and East. While the truths of the Christian faith are universal, new contexts bring new questions, new understandings, and new expressions. What does this mean for theology? Is the Christian faith not only culturally translatable, but also theologically translatable?Timothy Tennent answers this question with a resounding yes. Theological reflection is alive and well in the majority world church, and these new perspectives need to be heard, considered, and brought into conversation with Western theologians. Global theology can make us aware of our own blind spots and biases. Because of its largely conservative stance, global theology has much to offer toward the revitalization of Western Christianity.Tennent examines traditional theological categories in conversation with theologians from across the globe, making this volume valuable for students, pastors, missionaries, and theologians alike.

In both subtle and distinct ways, postmodernism has permeated American life, becoming a part of our schools, our TV shows, our churches, our conversations, and even our own thinking. How often have we said or heard, "Do what you want, but don't push your values on me," or "You live your life, and I'll live mine"? Its sheer pervasiveness demands that we ask: Is there anything wrong with postmodernism, or with the tolerance, pluralism, individualism, and casualness that it promotes? With compelling illustrations from current events and everyday life, as well as his customary sound analysis, Millard Erickson equips discerning evangelical Christians not only to understand and recognize the phenomenon of postmodernism but to deal with its effects in a relevant, biblically minded way. As he unearths its evolution, he forcefully reveals postmodernism's inherent problems and its incoherence with the teachings of God's Word. He also unveils the greatest areas of concern for Christians and gives people the tools they need to respond more wisely, believe more certainly, and discern more soundly in this confusing age.

Regarded as the leading text in Christian theology for the last 25 years, Alister E. McGrath's The Christian Theology Reader is now available in a new 5th edition featuring completely revised and updated content. Brings together more than 350 readings from over 200 sources that chart 2,000 years of Christian history Situates each reading within the appropriate historical and theological context with its own introduction, commentary, and study questions Includes new readings on world Christianity and feminist, liberation, and postcolonial theologies, as well as more selections by female theologians and theologians from the developing world Contains additional pedagogical features, such as new discussion questions and case studies, and a robust website with new videos by the author to aid student learning Designed to function as a stand-alone volume, or as a companion to Christian Theology: An Introduction, 6th edition, for a complete overview of the subject

There are few beliefs more essential to Christianity than that of the Trinity. Millard Erickson seeks to provide a lucid and judicious answer to the question: Is Jesus eternally subordinate to the Father, or is Jesus equal with the Father? In addition to providing rigorous theological analysis of that question, Erickson exposes flaws in familial implications derived from the Trinity. This increasingly debated topic has finally received a thorough, careful, and objective treatment.

Introducing the Old Testament

This user-friendly guide by a noted biblical scholar explores three crucial questions that often pose difficulty for those seeking to understand the doctrine of the Trinity.

The "Readings in Christian Theology" trilogy is now complete! The New Life, as do the other volumes, features concise introductions to each of the main divisions, and the author again stimulates readers by presenting a variety of viewpoints and different schools of thought. The New Life presents (1) personal salvation; (2) the nature, unity, government, and sacraments of the church; and (3) the last things (eschatology). The three books of this trilogy comprise an integral systematic theology selected from the writings of distinguished theologians of the past and present. The trilogy also includes: The Living God and Man's Need and God's Gift. - Back cover.

Seeks to bring the original dictionary up-to-date by supplementing it with pertinent ideas and biographies from the past fifteen years, with an emphasis on the historical figures and movements of the first nineteen centuries of Christianity.

Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission, interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions.

An Introduction to Biblical Doctrine

Exploring Christian Theology : Volume 3

The dean of evangelical theologians explores six evangelical responses--both positive and negative--to postmodernism.

A biblical, clear, cogent, accessible, comprehensive, and practical summary of Christian belief by one of the most important and original American theologians of the last hundred years.

Does God know the future? Or is the future unknowable to even God? Open theists believe the search for biblical answers will spark a new Revolution. Are they right? Arguing that God interacts with his creatures spontaneously, the controversial new movement known as “open theism” has called classic church theology up for reexamination. Confronting this view, classic theists maintain that God has complete foreknowledge and that open-theist arguments are unorthodox. Each view has implications for our vision of the future and of God’s dealings with humanity.

Understanding the Person of Christ affects our understanding of all Christian theology. All ten contributors to this volume share a commitment to the orthodox theological tradition in Christology as expressed in the creedal heritage of the Christian church, and seek to explicate the continuing coherence and importance of that theological tradition. The book’s ten essays cover such topics as prolegomena to Christology, the incarnation, the person and nature of Christ, the communicatio idiomatum, the baptism of Christ, the redemptive work of Christ, the ascended Christ, and New Testament Christology, and offers critical engagements with such diverse theologians as John Calvin, Charles Williams and John Zizioulas. The contributors, all leading academics, include: John Webster, Richard Burridge, Robert Jenson, Stephen Holmes, Douglas Farrow, Brian Horne, Murray, Douglas Knight, Sandra Fach, Christoph Schwobel.

An Introduction to Christian Belief

Introducing Christian Doctrine

The Gospel According to Isaiah 53

An Assessment of the Subordination Debate

Part 1 delineates the array of positions – including liberal, Catholic, and Protestant stances – taken on the destiny of the unevangelized. In part 2 the author probes the critical issues, including the role of general revelation, the possibility of salvation after death, the requirements of salvation, the number of the redeemed, and the problem of annihilationism. In the final part, Erickson tackles two practical areas: (1) the fate of those who die in infancy and others who do not reach the age of accountability and (2) how the subject of the destiny of the unevangelized affects evangelism and missions.

The extent of Christ’s atoning work on the cross is one of the most divisive issues in evangelical Christianity. In *The Extent of the Atonement: A Historical and Critical Review*, David L. Allen makes a biblical, historical, theological, and practical case for a universal atonement. Through a comprehensive historical survey, Allen contends that universal atonement has always been the majority view of Christians, and that even among Calvinist theologians there is a considerable range of views. Marshalling evidence from Scripture and history, and critiquing arguments for a limited atonement, Allen affirms that an unlimited atonement is the best understanding of Christ’s saving work. He concludes by showing that an unlimited atonement provides the best foundation for evangelism, missions, and preaching.

A new edition of leading theologian Millard Erickson’s classic text.

Written by eleven biblical scholars, this study explores the theology of the suffering servant in Isaiah 53 and answers a number of imporant questions: What is a Christian interpretation of Isaiah 53? What is a Jewish interpretation of Isaiah 53? How did the New Testament writers understand Isaiah 53? How should forgiveness and salvation be understood in Isaiah 53? How can Isaiah 53 be used in Jewish evangelism? How do we preach Isaiah 53?

Systematic Theology, Second Edition

Contemporary Options in Eschatology

Christianity

A Theology of the New Testament

Making Sense of the Millennium

A Contemporary Interpretation of the Trinity

The Church, Spiritual Growth, and the End Times

This new edition of Systematic Theology by Wayne Grudem may be the most important resource you can own for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine’s scriptural basis, and practical applications to daily life. Praise for the second edition: "After a quarter century of remarkable usefulness globally . . . it remains remarkable. I thank God for this precious gift to Christ's people worldwide." - John Piper "Stands out for its clarity and accessibility." - Thomas R. Schreiner "One of those rare works that can challenge the scholar and instruct the beginner . . . It is simply indispensable." - Jack Deere With nearly 200 pages of new content and revisions that took several years, this new edition now includes the following distinctive features, making it even better: Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between the Father and the Son in the Trinity, the question of God’s atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music. New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition) A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well) New discussion on the impassibility of God An extensive discussion on the eternal submission of the Son to the Father, taking into account controversies in recent years Updated section on contemporary worship music A discussion of recent criticisms of the penal substitutionary view of the atonement Numerous other updates and corrections that have be prompted by letters and emails from people around the world and by interaction with the students Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary Part of the brilliance of Systematic Theology over the years has been its simplicity and ease of use. Each chapter follows the same structure. First, there is discussion of the doctrine being considered, such as justification or the Trinity or the deity of Christ. An explanation of that doctrine’s biblical support and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of Systematic Theology will likely change your mind.

An abridged edition of the bestselling book *An Introduction to the Old Testament*, this rich guide makes Old Testament scholarship accessible to the average reader. Renowned Bible scholar Tremper Longman III gathers the best in historical research and literary analysis to lead the reader through each book of the Old Testament. Most significantly, Longman explores the meaning of each book in light of its cultural setting. Abbreviated chapters highlight key research discoveries, ensuring that the information is both significant and manageable. Including questions at the end of each chapter for group discussion or personal reflection, *Introducing the Old Testament* makes the words, history, and culture of biblical times come alive for readers. Laypersons as well as church leaders will take away a solid understanding of the historical background and theological message of the Old Testament and be inspired to apply biblical truths to their lives.

"When evangelicals confuse an improper passion for novelty with a proper pursuit of academic and pastoral relevance, the results can be distressing. I cannot express how grateful I am for the well-formed wisdom with which this book points to the abiding and decisive relevance for future route-finding of the old theological paths." -J. I. Packer, Professor, Regent College "For those evangelicals who like myself are increasingly troubled by extravagant claims made by various evangelical scholars about the nature of the 'postmodern' challenge, as well as by earnest calls to develop new epistemological and theological perspectives in response to this challenge, the writers of these essays shed much light. This book is must-reading for everyone who wants to promote a clear-thinking evangelicalism for our contemporary context." -Richard J. Mouw, President and Professor of Christian Philosophy, Fuller Seminary "Here is a collection of intelligent, provocative, gutsy essays that dare to fly into the eye of the scholarly storm over evangelical identity. Though different perspectives are present even here, the underlying thesis is clear and worth heeding: the eager, and sometimes uncritical, embrace of postmodernist paradigms may be as premature as it has proven to be unproductive for the well-being of the evangelical church. One of the most important books of the new century!" -Timothy George, Dean, Beeson Divinity School, Samford University "Provocative, timely, and controversial!" -Donald G. Bloesch, Professor of Theology Emeritus, Duquesne Theological Seminary "Compromise and confusion stand at the center of evangelicalism's theological crisis, and a clear-headed and convictional analysis of the problem has been desperately needed. Thankfully, *Reclaiming the Center* has arrived just in time. . . . My fervent hope is that it will open evangelical eyes, humble evangelical hearts, and awaken this generation to the peril of accommodationism." -R. Albert Mohler, Jr., President, The Southern Baptist Theological Seminary "The authors of this well-designed volume provide a bold and well-argued response to what is sometimes called 'postconservative evangelicalism.' This important conversation regarding the essence, center, and boundaries of evangelicalism is here explored, interpreted, and assessed from a well-informed theological, philosophical, and historical perspective. . . . I heartily commend this volume and trust it will find a large readership." -David S. Dockery, President, Union University
