Carnevale 1851-52**

**Adapting fiction into film is, as author Cristina Della Coletta asserts, a
transformative encounter that takes place not just across media but
across different cultures. In this book, Della Coletta explores what it
means when the translation of fiction into film involves writers, directors,
and audiences who belong to national, historical, and cultural formations
different from that of the adapted work. In particular, Della Coletta
examines narratives and films belonging to Italian, North American,
French, and Argentine cultures. These include Luchino Visconti's**

adaptation of James M. Cain's The Postman Always Rings Twice, Federico Fellini's version of Edgar Allan Poe's story "Never Bet the Devil Your Head," Alain Corneau's film based on Antonio Tabucchi's Notturmo indiano, and Bernardo Bertolucci's take on Jorge Luis Borges's "Tema del traidor y del héroe." In her framework for analyzing these cross-cultural film adaptations, Della Coletta borrows from the philosophical hermeneutics of Hans-Georg Gadamer and calls for a "hermeneutics of estrangement," a practice of mediation and adaptation that defines cultures, nations, selfhoods, and their aesthetic achievements in terms of their transformative encounters. Stories travel to unexpected and interesting places when adapted into film by people of diverse cultures. While the intended meaning of the author may not be perfectly reproduced, it still holds, Della Coletta argues, an equally valid and important intellectual claim upon its interpreters. With a firm grasp on the latest developments in adaptation theory, Della Coletta invites scholars of media studies, cultural history, comparative literature, and adaptation studies to deepen their understanding of this critical encounter between texts, writers, readers, and cultural movements.

The Story of My Life

Don Pascual: drama bufo ... de M. A. [i.e. Michele Accursi, pseudonym of Giovanni Ruffini], etc. Ital. & Span

As humans re-negotiate their boundaries with the nonhuman world of animals, in-entities and technological artefacts, new identities are formed and a new epistemological and ethical approach to reality is needed. Through twelve thought-provoking, scholarly essays, this volume analyzes works by a range of modern and contemporary Italian authors, from Giacomo Leopardi to Elena Ferrante, who have captured the shift from anthropocentrism and postmodernism to posthumanism. Indeed, this is the first volume investigating narrative configurations of posthuman identity in Italian literature and film.

When Stories Travel

Dizionario Italiano, Ed Inglese

In this book, author David Del Principe asks whether unspeakable truths in their works kept an entire generation of nineteenth-century Italian writers known as the "scapigliati" at the margins of Italian literary life and sparked critics to deride the movement known as Scapigliatura. It is coincidental that issues and themes submerged in their graveyard poetics - physical and psychic transference, sexual identity, vampirism, the supernatural, androgyny, and decadence - have become controversial at the turn of another century while literary and cultural interest in Scapigliatura has reemerged? Scapigliatura, the term that Cletto Arrighi chose to characterize the literary movement led by Ugo Tarchetti, Carlo Dossi, Emilio Praga, Camillo and Arrigo Boito, Giovanni Faldella, Giovanni Camerana, and others, took place in Milan and Turin in the 1860s and 1870s. As social and political visionaries, the "scapigliati" acquired reputations as consummate anticonformists, lacing their works with protests against capitalism, Catholicism, and militarism, and living in perpetual conflict with a prospering bourgeoisie. A desperate resolve to flee from cultural, sociopolitical, and literary strangulation instilled an apocalyptic vision and an affinity for self-destruction in the scapigliati. In fact, several of them lived relatively short lives, and Tarchetti's own tormented life has come to exemplify the anguish of the era of Scapigliatura. Although these artists are loosely grouped as a literary

movement, the influence of Scapigliatura has been rightfully confirmed in Decadent fin de siecle literature and, arguably, in the twentieth-century historical avant-garde.

The Berlitz Self-Teacher -- Italian

Come racconterebbe la propria discesa agli inferi una ragazzina di 12 anni? Così, come Lola in Atti casuali di violenza insensata la (de)scrive a Anne, il suo diario. Tutto comincia con fatti di ordinaria amministrazione: un padre che non trova a chi vendere le proprie sceneggiature e una madre traduttrice e insegnante che non riesce a lavorare se non a ritmi forsennati. Due sorelline in tenera età e una grande, grande città: New York. Eppure gli echi di una diffusa guerriglia urbana entrano di prepotenza all'interno del racconto che Lola scrive a Anne, il suo diario. Il presidente muore ammazzato, poi ne muore un secondo, la criminalità fa il paio con una fortissima crisi economica e sociale serpeggia una violenza alla Arancia Meccanica. Anche le amichette della scuola (privata) voltano la faccia a Lola quando i genitori sono costretti a trasferirsi in un quartiere popolare per mancanza di denaro. Pian piano Lola si trova a giocare a fare la dura e a

entrare in gang di quartiere al femminile. L'amore per Iz, ragazza nera spigliata e combattiva, la trascina sempre più a fondo e ogni sera il coprifuoco viene anticipato... Un mondo distopico come un romanzo di Philip K. Dick che, come nella migliore letteratura fantascientifica assomiglia moltissimo al nostro, funestato dalla crisi. Piccoli elementi sempre più determinanti dipingono una situazione di violenza che non risparmia i bambini, neppure quelli delle "buone famiglie".
