From New York Times bestselling author Penelope Ward, comes a new, sexy standalone novel. We met in the least likely of places. It started out innocently enough. Her real name was Eden, I'd soon come to find out. From the first time we connected online, I found myself transfixed. She was an addiction. At first, we knew nothing about each other's real identities...and she was adamant that we keep things that way. Anonymity had no effect on our unstoppable chemistry, though. If anything, it allowed us to open up even more in ways we may not have otherwise. Eden was funny, intelligent, gorgeous—everything I'd ever wanted in a woman. But I couldn't really have her. I had accepted things would have to stay the way they were—until the day I found a clue that led me straight to her. So I took a chance. And that was when our love story really began.

As they embark on a three-date arrangement the rules are clear; filthy, ground breaking sex, no feelings or commitment required. When chemistry is this strong, though, attachment follows. As Blake and Autumn attempt to negotiate their New York romance, their prior histories and secret dreams come to the foreground. How long can these polar opposites remain Captivated, when all signs point to disaster?
