

Richard Bachman The Long Walk

Master storyteller Stephen King presents the classic “wondrously frightening” (Publishers Weekly) #1 New York Times bestseller about a writer’s horrific and haunting pseudonym. “I’m back...I’m back from the dead and you don’t seem glad to see me at all, you ungrateful son of a bitch.” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad’s even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “Not a Very Nice Guy.” Although on the surface, it seems that Thad can finally concentrate on his own novels, there’s a certain unease at the prospect of leaving George Stark behind. But that’s nothing compared to the horror about to descend upon Thad’s new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark’s untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad’s fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he’s going to find out just how wrong he is...

On a perfect summer afternoon in Wentworth, Ohio, many of the citizens who live

on Poplar street are killed mysteriously and, at the center of the mystery, is a young boy named Seth Garon whose supernatural powers are just awakening. Reissue.

A deadly biochemical virus called Captain Trips kills nearly everyone it infects, and the individuals who survive the virus are sought by the government that engineered it.

Photographs, screenshots, and images from all three films provide a visual compendium of the film trilogy "The Lord of the Rings," documenting the varied characters and locales as seen through Peter Jackson's vision of Middle-earth.

Four Early Novels

Blaze

The Regulators

The clues to a series of remorseless killings go up in smoke—and only Kay Scarpetta can find them in this #1 New York Times bestseller from Patricia Cornwell. “Sears its way into the psyche...Ablaze with Cornwell’s finest, scariest writing.” —Atlanta Journal Constitution The devastating fire tore through the horse farm, destroying everything it touched. Picking through the wreckage, Dr. Kay Scarpetta uncovers human remains—the work of an audacious and wily killer who uses fire to mask his brutal murders. And when

Scarpetta learns that her old nemesis, Carrie Grethen, has escaped from a hospital for the criminally insane and is somehow involved, the investigation becomes personal. Tragedy strikes close to home. And Scarpetta must match Grethen ' s every move with one of her own to douse the inferno of evil that threatens everyone around her... Includes an Introduction by the Author
A critical look at the work of Stephen King, writer of horror stories.

Stephen King Dollar Baby: The Book by Anthony Northrup In the late 1970s, Stephen King had the idea of selling his short stories for ONE DOLLAR and a contract to let young filmmakers make their own films based on his works. After King ' s approval, these films were only available for viewing at film festivals around the world. For the last forty-plus years and over hundreds of films made, The Dollar Baby program has made a serious impact not only on the Stephen King world, but the film industry itself. Unfortunately, for Stephen King fans, unless you attended these film festivals, you basically would never be able to see them. In fact, most Stephen King fans have never even heard of the Dollar Baby program. Well, that ' s where I come in. I have been interviewing Dollar Baby filmmakers and reviewing their films for eight years. During that time, not only have I also hosted two Dollar Baby Film fests at Crypticon Horror Con in Minnesota, but I also built a trust, a bond, and a

friendship with all of the Dollar Baby community. As a major Stephen King fan, I decided it was time to pull the curtain back and show the fans just what they have been missing. In this book, readers will learn all about the Dollar Baby program, fun facts, trivia, personal stories from the fans themselves, special guests contributors, essays, *Where Are They Now?*, 55 exclusive interviews with the Dollar Baby filmmakers and reviews of their films, and a whole lot more! I cover every possible angle of the Dollar Baby program and it ' s all here to enjoy! So, sit back, relax, and get ready to go behind the exclusive curtain and prepare yourselves to enter...Stephen King Dollar Baby: The Book!

curious yoga students, *The Language of Yoga* offers the definitive A-Y of asana names and Sanskrit terms (there is no Z in Sanskrit!). This interactive set includes more than 200 asanas with illustrated yoga postures and 300 Sanskrit definitions. Sanskrit scholar Nicolai Bachman teaches you how to read and pronounce these sacred sounds with precision, and guides you through seven yoga chants with exact rhythm, tone, and pronunciation. An indispensable reference guide for any serious student of yoga.

A collection of Stephen King's early works, written under the pseudonym of Richard Bachman New edition. Originally published: 1994.

Richard Bachman was Stephen King's other writing name for his non-supernatural work before he finally hit it big with "Carrie." The manuscript of "Blaze" sat in a university library until King rewrote it decades later.

The Stephen King Companion

The 10th Victim

Roadwork

Rage

Gwendy's Magic Feather

In this #1 national bestseller, "master storyteller" (Houston Chronicle) Stephen King, writing as Richard Bachman, tells the tale of the contestants of a grueling walking competition where there can only be one winner—the one that survives. "I give my congratulations to the winner among your number,

and my acknowledgements of valor to the losers.” Against the wishes of his mother, sixteen-year-old Ray Garraty is about to compete in the annual grueling match of stamina and wits known as The Long Walk. One hundred boys must keep a steady pace of four miles per hour without ever stopping...with the winner being awarded “The Prize”—anything he wants for the rest of his life. But, as part of this national tournament that sweeps through a dystopian America year after year, there are some harsh rules that Garraty and ninety-nine others must adhere to in order to beat out the rest. There is no finish line—the winner is the last man standing. Contestants cannot receive any outside aid whatsoever. Slow down under the speed limit and you’re given a warning. Three warnings and you’re out of the game—permanently....

Four men who reunite every year during hunting season in the woods of Maine, encounter a disoriented, incoherent stranger who drags the men into a terrifying struggle with a creature from another world, and their only chance for survival lies in their shared past.

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

From the award-winning, New York Times bestselling author of NOS4A2 and Heart-Shaped Box comes a chilling novel about a worldwide pandemic of spontaneous combustion that

threatens to reduce civilization to ashes and a band of improbable heroes who battle to save it, led by one powerful and enigmatic man known as the Fireman. The fireman is coming. Stay cool. No one knows exactly when it began or where it originated. A terrifying new plague is spreading like wildfire across the country, striking cities one by one: Boston, Detroit, Seattle. The doctors call it Draco Incendia Trychophyton. To everyone else it's Dragonscale, a highly contagious, deadly spore that marks its hosts with beautiful black and gold marks across their bodies—before causing them to burst into flames. Millions are infected; blazes erupt everywhere. There is no antidote. No one is safe. Harper Grayson, a compassionate, dedicated nurse as pragmatic as Mary Poppins, treated hundreds of infected patients before her hospital burned to the ground. Now she's discovered the telltale gold-flecked marks on her skin. When the outbreak first began, she and her husband, Jakob, had made a pact: they would take matters into their own hands if they became infected. To Jakob's dismay, Harper wants to live—at least until

the fetus she is carrying comes to term. At the hospital, she witnessed infected mothers give birth to healthy babies and believes hers will be fine too. . . if she can live long enough to deliver the child. Convinced that his do-gooding wife has made him sick, Jakob becomes unhinged, and eventually abandons her as their placid New England community collapses in terror. The chaos gives rise to ruthless Cremation Squads—armed, self-appointed posses roaming the streets and woods to exterminate those who they believe carry the spore. But Harper isn't as alone as she fears: a mysterious and compelling stranger she briefly met at the hospital, a man in a dirty yellow fire fighter's jacket, carrying a hooked iron bar, straddles the abyss between insanity and death. Known as The Fireman, he strolls the ruins of New Hampshire, a madman afflicted with Dragonscale who has learned to control the fire within himself, using it as a shield to protect the hunted . . . and as a weapon to avenge the wronged. In the desperate season to come, as the world burns out of control, Harper must learn the Fireman's secrets before her life—and that of her unborn

child—goes up in smoke.

Thinner

Four Novels : Rage, The Long Walk, Roadwork, The Running Man

The Lord of the Rings Complete Visual Companion

Stephen King

The Running Man

This is the whole story of how Stephen King's Richard Bachman came to life, and when King finally had to "give up the ghost" and come forth with the truth - that he was writing under the pseudonym of Richard Bachman. This of course came about when the fifth novel, "Thinner," was released and a reader discovered King's pseudonym. Now Michael Collings takes us from the beginnings of this unusual fiction side show of Stephen King's body of work, to what we understand will be the last Bachman release, "The Regulators." Or will it? Updated and completely revised with new information and Richard Bachman releases since it's original publication almost 20 years ago. Chapters Featured: A History for Richard Bachman; Genre, Theme, and Image in Richard Bachman; Rage ; The Long Walk ; Roadwork ; The Running Man ; Thinner ; Regulators and Desperation ; Pipe-Dreams and Possibilities.

Remember that monster on the wing of the airplane? William Shatner saw it on The Twilight Zone, John Lithgow saw it in the movie-even Bart Simpson saw it. "Nightmare at 20,000 Feet" is just one of many classic horror stories by Richard Matheson that have insinuated themselves into our collective imagination. Here are more than twenty of Matheson's most memorable tales of fear and paranoia, including: "Duel," the nail-biting tale of man versus machines that inspired Steven Spielberg's first film; "Prey," in which a terrified woman is stalked by a malevolent Tiki doll, as chillingly captured in yet another legendary TV moment; "Blood Son," a disturbing portrait of a strange little boy who dreams of being a vampire; "Dress of White Silk," a seductively sinister tale of evil and innocence. Personally selected by Richard Matheson, the bestselling author of I Am Legend and What Dreams May Come, these and many other stories, more than demonstrate why he is rightfully regarded as one of the finest and most influential horror writers of our generation. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

When a highway project leaves him unemployed and threatens to destroy his home, one man takes on the forces of progress as he embarks on a vengeful showdown of epic proportions. Reissue.

"With an Introduction by the author, 'The Importance of Being Bachman'."

The Stand -Volume 1

Stephen King as Richard Bachman

Dreamcatcher

Looks at the interconnected elements in the works of Stephen King examining themes, plots, characters, influences, and TV and film adaptations.

A USA TODAY BESTSELLER In this thrilling sequel to the New York Times bestselling novella by Stephen King and award-winning author Richard Chizmar, an adult Wendy is summoned back to Castle Rock after the mysterious reappearance of the button box. Something evil has swept into the small Maine town of Castle Rock on the heels of the latest winter storm. Sheriff Norris Ridgewick and his team are desperately searching for two missing girls, but time is running out. In Washington, DC, thirty-seven-year-old Wendy Peterson couldn't be more different from the self-conscious teenaged girl who once spent a summer running up Castle Rock's Suicide Stairs. That same summer, she had been entrusted—or some might say cursed—with the extraordinary button box by Richard Farris, the mysterious stranger in the black suit. The seductive and powerful box offered Wendy small gifts in

exchange for its care and feeding until Farris eventually returned, promising the young girl she'd never see the box again. One day, though, the button box suddenly reappears but this time, without Richard Farris to explain why, or what she's supposed to do with it. Between this and the troubling disappearances back in Castle Rock, Wendy decides to return home. She just might be able to help rescue the missing girls and stop a dangerous madman before he does something ghastly. With breathtaking and lyrical prose, Wendy's Magic Feather explores whether our lives are controlled by fate or the choices we make and what price we sometimes have to pay. Prepare to return again to Stephen King's Castle Rock, the sleepy little town built on a bedrock of deep, dark secrets, just as it's about to awaken from its quiet slumber once more.

Ghosts can't seem to keep their opinions to themselves. Seventeen-year-old Nate Shaw should know; he's been talking to them since he was twelve. But they aren't the only ones making his high school years a living hell. All Nate wants is to keep his secret and keep his head down until he can graduate. That is, until the new boy, James Powell, takes a seat next to him in homeroom. James not only notices him, he manages to work his way into Nate's life. But James has issues of his own. Between dead grandmothers and living aunts, Nate has to navigate the fact that he's falling in love with his only

friend, all while getting advice from the most unusual places. Ghosts, bullies, first love: it's a lot to deal with when you're just trying to survive senior year.

Night Shift

Horror Stories By Richard Matheson

The Dark Half

Sleeping Beauties

Four Decades of Fear from the Master of Horror

Stephen King's first collection of short stories showcases the darkest depths of his brilliant imagination and will "chill the cockles of many a heart" (Chicago Tribune). Featuring "Jerusalem's Lot," the basis for the upcoming tv series Chapelwaite. Here we see mutated rats gone bad ("Graveyard Shift"); a cataclysmic virus that threatens humanity ("Night Surf," the basis for The Stand); a possessed, evil lawnmower ("The Lawnmower Man"); unsettling children from the heartland ("Children of the Corn"); a smoker who will try anything to stop ("Quitters, Inc."); a reclusive alcoholic who begins a gruesome transformation ("Gray Matter"); and many more shadows and visions that will haunt you long after the last page is turned.

The Stephen King Companion provides a look inside Stephen King's world. Fully illustrated with photographs and artwork, the book is a detailed look not only at Stephen King himself and his personal life, but his professional life as a writer. From Carrie (1974) to Revival (2014), this book covers four decades of King in print, as well as his juvenalia output, starting at age nine when he attempted to get a short story published, titled "Jhonathan and the Witches." The cornerstone of any King library, this

book will appeal to veteran fans and new readers alike, especially since his film/tv adaptations and prolific output continue to bring new generations into his fold.

It's the twenty-first century and the ugliness of war no longer exists, except on a very personal level. Nowadays, people like Marcello Polletti, seller of Roman sunsets, and Caroline Meredith, lithe, beautiful, blond, and backed by corporate sponsors and the Roy Bell Dancers, hunt, chase, and kill one another for sport and for the entertainment of the masses—until something oddly like personal human feelings pops up to confuse the players and up the stakes as each of them seeks to kill a tenth victim and rise in the ranks of the hunters. From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the New York Times, was “a precursor to Douglas Adams.”

From legendary master storyteller Stephen King, a riveting story about “an ordinary man in an extraordinary condition rising above hatred” (The Washington Post) and bringing the fictional town of Castle Rock, Maine together—a “joyful, uplifting” (Entertainment Weekly) tale about finding common ground despite deep-rooted differences, “the sign of a master elevating his own legendary game yet again” (USA TODAY). Although Scott Carey doesn't look any different, he's been steadily losing weight. There are a couple of other odd things, too. He weighs the same in his clothes and out of them, no matter how heavy they are. Scott doesn't want to be poked and prodded. He mostly just wants someone else to know, and he trusts Doctor Bob Ellis. In the small town of Castle Rock, the setting of many of King's most iconic stories, Scott is engaged in a low grade—but escalating—battle with the

lesbians next door whose dog regularly drops his business on Scott's lawn. One of the women is friendly; the other, cold as ice. Both are trying to launch a new restaurant, but the people of Castle Rock want no part of a gay married couple, and the place is in trouble. When Scott finally understands the prejudices they face—including his own—he tries to help. Unlikely alliances, the annual foot race, and the mystery of Scott's affliction bring out the best in people who have indulged the worst in themselves and others. "Written in masterly Stephen King's signature translucent...this uncharacteristically glimmering fairy tale calls unabashedly for us to rise above our differences" (Booklist, starred review). Elevation is an antidote to our divisive culture, an "elegant whisper of a story" (Kirkus Reviews, starred review), "perfect for any fan of small towns, magic, and the joys and challenges of doing the right thing" (Publishers Weekly, starred review).

The Long Walk

Four Novellas

In this #1 national bestseller, “master storyteller” (Houston Chronicle) Stephen King, writing as Richard Bachman, tells the tale of the contestants of a grueling walking competition where there can only be one winner—the one that survives. In the near future, when America has become a police state, one hundred boys are selected to enter an annual contest where the winner will be awarded whatever he wants for the rest of his life. Among them is sixteen-year-old Ray Garraty, and he knows the rules—keep a steady walking pace of four miles per hour without stopping. Three warnings and you’re out—permanently. With an introduction by Stephen King on “The Importance of Being Bachman.”

It: Chapter Two—now a major motion picture! Stephen King’s terrifying, classic #1 New York Times bestseller, “a landmark in American literature” (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It’s a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the

promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

In this spectacular New York Times bestselling father/son collaboration that "barrels along like a freight train" (Publishers Weekly), Stephen King and Owen King tell the highest of high-stakes stories: what might happen if women disappeared from the world of men? In a future so real and near it might be now, something happens when women go to sleep: they become shrouded in a cocoon-like gauze. If they are awakened, if the gauze wrapping their bodies is disturbed or violated, the women become feral and spectacularly violent. And while they sleep they go to another place, a better place, where harmony prevails and conflict is rare. One woman, the mysterious "Eve Black," is immune to the blessing or curse of the sleeping disease. Is Eve a medical anomaly to be studied? Or is she a demon who must be slain? Abandoned, left to their increasingly primal urges, the men divide into warring factions, some wanted to kill Eve, some to save her. Others exploit the chaos to wreak their own vengeance on new enemies. All turn to violence in a suddenly all-male world. Set in a small Appalachian town whose primary employer is a woman's prison, Sleeping Beauties is a wildly provocative, gloriously dramatic father-son collaboration that feels particularly urgent and relevant today.

Life on Poplar Street seems idyllic, but before the sun sets on this summer day, the quiet Ohio suburb will become a terrifying slaughterhouse.

A Boy Worth Knowing
