DVDSs, audiobooks and other forms of intellectual property. The study presents highly detailed data on revenues garnered, prices charged, venues sold through, sources of revenue, and many other factors in library materials sales. The study helps library planners to answer questions such as: how much do libraries earn by selling books online? What percentage of library book sales are accounted for by Friends of the Library and similar groups? What are total revenues through all sales of intellectual property by libraries and what is the trend in revenues? How many book

work, then this book is for you. By applying the suggested guidelines, you will stand a much greater chance of getting the desired reply to your emails in the shortest time possible. Some of the key guidelines covered include: Write meaningful subject lines - otherwise recipients may not even open your mail. Always put the most important point in the first line - otherwise the reader may not read it. Be concise

and only mention what is truly relevant. Write the minimum amount possible - you will also make fewer mistakes! Be a little too formal than too informal - you don't want to offend anyone. If you have two long important things to say, say them in separate emails. Give clear instructions and reasonable deadlines. If you need people to cooperate with you, it is essential to highlight the benefits for them of cooperating
