

Shoe Horn Sonata Related Texts

Describes and evaluates more than 12,000 symphonies, concerti, operas, cantatas, oratorios, solo, chamber, vocal works, and music for film, theater, and dance, by more than 1,600 composers issued on over 100 labels. Arranged alphabetically by composer, then by genre.

". . . It is highly recommended to anyone who thinks they have a serious interest in the book . . . or would like to discover to discover something of the complexity of the well-springs of the Australian psyche."BiblionewsPaper Empireexplores Australian book production and consumption from 1946 to the present day, using wide-ranging research, oral history and memoir to explore the worlds of book publishing, selling and reading. After 1945, Australian publishing went from a handful of fledgling businesses to the billion dollar industry of today with thousands of new titles each year and a vast array of imported books. Publishing's postwar expansion began with the baby boom and the increased demand for school texts, with independent houses blossoming during the 1960s and 70s followed by the current era dominated by global conglomerates.

History of the Book in Australia

A Journal of Literature, Science, the Fine Arts, Music, and the Drama

Who's who in American Music

This new volume in UQP's History of the Book in Australia series explores Australian book production and consumption from 1946 to the present day. In the immediate postwar era books were imported into a colonial market dominated by British publishers. Paper Empires traces this fascinating and volatile half-century, using wide-ranging research, oral history and memoir to explore the worlds of book publishing, selling and reading. After 1945, Australian publishing went from a handful of fledgling businesses to the billion dollar industry of today with thousands of new titles each year and a vast array of imported books. Publishing's postwar expansion began with the baby boom and the increased demand for school texts, with independent houses blossoming during the 1960s and 70s followed by the current era dominated by global conglomerates. All aspects of print culture are explored, from authorship and editing to bookselling, libraries and reading habits, in the context of today's rapidly changing publishing landscape with its many technological challenges. A wide range of expert contributors, including book-trade practitioners, have produced this lively and indispensable account of our vital cultural industry.

Will Australia's once booming book industry be replaced by e-publishing? Are independent publishers and booksellers on the way out? In a world where one 'mega-author' can sell millions of books, can anyone else compete?Paper Empires tells the inside story of Australian publishing over the past half-century. It begins with the larrikin pioneers of the 1950s and 60s.

the fortunes of the independents and multinationals that followed in their wake. Two fascinating local successes include the reinvention of Allen & Unwin as our largest independent creation of Lonely Planet which has turned a passion for travel into world-beating success. The contributions made by branches of global companies such as Penguin and Scholastic have been part of this post-war growth. With dozens of in-depth profiles of book trade identities and their companies, as well as many themed case studies, Paper Empires explores the industry and traces the interconnected histories of book publishing, bookselling and reading. Includes: • editing, design and production • booksellers and the retail trade • writers, bestsellers, magazines and pulp fiction • readers and reading • Indigenous writing and publishing • educational publishing and children's literature • awards and funding • the future of publishing Paper Empires is a must-read for anyone with an interest in the business of books. Dance and Dancers

Millions of servicemen of the belligerent powers were taken prisoner during World War II. Until recently, the popular image of these men has been framed by tales of heroic escape or immense suffering at the hands of malevolent captors. For the vast majority, however, the reality was very different. Their history, both during and after the War, has largely been ignored in the grand narratives of the conflict. This collection brings together new scholarship, largely based on sources from previously unavailable Eastern European or Japanese archives. Authors highlight a number of important comparatives. Whereas for the British and Americans held by the Germans and Japanese, the end of the war meant a swift repatriation and demobilization, for the Germans, it heralded the beginning of an imprisonment that, for some, lasted until 1956. These and many more moving stories are revealed here for the first time.
