Discover the Korean War through the eyes of the journalist who covered it in this installment of the New York Times bestselling graphic novel series In 1950, Marguerite Higgins (1920-1966) was made bureau chief of the Far East Asia desk for the New York Herald Tribune. Tensions were high on the Korean peninsula, where a border drawn after WWII split the country into North and South. When the North Korean army crossed the border with Soviet tanks, it was war. Marguerite was there when the Communists captured Seoul. She fled with the refugees heading south, but when the bridges were blown over the Han River, she was trapped in enemy territory. Her eyewitness account of the invasion was a newspaper smash hit. She risked her life in one dangerous situation after another--all for the sake of good story. Then she was told that women didn't belong on the frontlines. The United States Army officially ordered her out of Korea. She appealed to General Douglas MacArthur, and he personally lifted the ban on female war correspondents, which allowed her the chance to report on many of the major events of the Korean War. Nathan Hale's Hazardous Tales are graphic novels that tell the thrilling, shocking, gruesome, and TRUE stories of American history. Read them all--if you dare!

So it completely throws him when a stranger risks her life for his, pushing him out of the way and taking the hit that would have sent him six feet under. If he had any kind of sense, he'd leave her alone, but Savage can't get the woman with a smart mouth and no sense of self-preservation out of his head. With one kiss, he's lost. Seychelle Dubois has spent her entire life not feeling much of anything, until Savage comes along and sets her whole body on fire. Kissing him was a mistake. Letting him get close would be a catastrophe. He's the most beautiful—and damaged—man she's ever met. He has a way of getting under her skin, and what he's offering is too tempting to resist. Seychelle knows so little about Savage or the dangerous world of *Torpedo Ink*, but his darkness draws her like a moth to a flame. Loving him could mean losing herself completely to

his needs—needs she doesn't understand but is eager to learn. But what Savage teaches her could destroy her.

**Creating Authentic Customer Connections in a High-Tech World In The Relationship Economy, author John DiJulius teaches business leaders about the importance of relationship building in the digital age. He argues that in spite of (and because of) the advances in tech, we've become a less connected society. We have dramatically evolved away from face-to-face communication, and the skill of building rapport is evaporating. This means that customer personalization and relationships are more important now than ever—and they will be the key to success for businesses moving forward. As he aptly states, “Being able to build true sustainable relationships is the biggest competitive advantage in a world where automation, artificial intelligence, and machine learning are eliminating the human experience, which is what creates the emotional connections that build true customer loyalty.” This book reminds readers of the importance of personal connections and shows them how to attain meaningful, lasting relationships with their customers.**
