

Textbooks Grade 9

This course covers the last five centuries of world history from a Biblical perspective. Students will learn about different types of governments, economics, and religions. The text also shows God's overruling hand in the history of Jews and Christians.

Encourage students to make connections in history concerning social classes and divisions in societies while becoming familiar with this well-known novel by completing fun, challenging activities and lessons provided in this instructional guide for literature. These appealing and rigorous cross-curricular lessons and activities work in conjunction with the text to teach students how to analyze and comprehend rich, complex literature.

Everything you need is packed into this guide that is the perfect tool to teach students how to analyze story elements in multiple ways, practice close reading and text-based vocabulary, determine meaning through text-dependent questions, and more. This is the perfect way to add rigor to your students' explorations of rich, complex literature.

"A 22-volume, highly illustrated, A-Z general encyclopedia for all ages, featuring sections on how to use World Book, other research aids, pronunciation key, a student guide to better writing, speaking, and research skills, and comprehensive index"--

The main reason I write this book was just to fulfill my long time dream to be able to tutor students. Most students do not bring their text books at home from school. This makes it difficult to help them. This book may help such students as this can be used as a reference in understanding Algebra and Geometry.

This series deals with progressive topics in an easy-to-understand way. It is designed to put the fun back into science through its use of colourful artwork and design. The series covers the core interim syllabus and includes a teacher's guide for each standard.

This is Book One of two texts for Grade 9 and 10 English. This book is not dependant on Book Two.

New grammar concepts include retained objective complements, nominative absolutes, moods of verbs, and idioms. Composition lessons teach listening and speaking skills, Bible study, outlining, argumentative essays, poetry, and letter writing. Includes lessons to improve writing, speaking, and editing skills. Writing and speaking lessons focus on style rather than content.

The Outsiders

The Social Science Outcomes Grade 9 Student's Book is designed to help students achieve the learning outcomes and indicators from the Grade 9 Social Science syllabus. There are 29 units in the Student's Book - one can be studied each week of term. A variety of Social Science topics are presented in challenging and socially relevant ways. There are four strands of Social Science: an environment and resources strand, an organisation strand, a culture strand, and an integrated project strand to be completed at the end of each term. By the end of the course, students should have a greater understanding of the major aspects of Social Science. The full colour illustrations and photographs should inspire and maintain students' interest.
