Do you feel stuck in life, not knowing how to make it more successful? Do you wish to become more popular? Are you craving to earn more? Do you wish to expand your horizon, earn new clients and win people over with your ideas? How to Win Friends and Influence People is a well-researched and comprehensive guide that will help you through these everyday problems and make success look easier. You can learn to expand your social circle, polish your skill set, find ways to put forward your thoughts more clearly, and build mental strength to counter all hurdles that you may come across on the path to success. Having helped millions of readers from the world over achieve their goals, the clearly listed techniques and principles will be the answers to all your questions.

Later career, 'the second half of the game', is not, as it is often perceived to be, a period of decline or a black hole, but an inspirational time of Generative Leadership and a challenging opportunity for better tactics. This book explores common fears and uncertainties about the second half of the game, enabling you to feel comfortable exploring opportunities previously outside of your comfort zone and feel confident about your future. The common language and frameworks will help you to influence your organisation to create innovative new models and opportunities around leadership, both for yourself and your colleagues. Cases and stories from high profile business, public sector and sports professionals along side practical diagnoses, will inspire, show you how to take more personal control and determine what combination of things you really want in the second half - with the tools and techniques to make this happen. This is a practical leadership guide for anyone in management concerned with what their life, career and leadership capabilities will look like once they approach and enter what used to be the traditional 'retirement' age and move into the second half of the game. David Grayson, Director of the Doughty Centre for Corporate Responsibility at Cranfield School of Management, "I know from both the demographic data across the developed world and the personal experiences of many people that I meet socially and professionally that Julie is on to something very timely with her message."

NEW YORK TIMES BESTSELLER • From the bestselling author of *Before We Were Yours* comes a dramatic historical novel of three young women searching for family amid the destruction of the post-Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students' lives. "An absorbing historical . . . enthralling."—Library Journal
Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

"A NOVEL FOR LIFE AFTER THE PANDEMIC...Scratches a particular imaginative itch that we are all experiencing at the precipice of a new era." -- The New Yorker From the National Book Award-winning author of *The Friend* comes a moving and eerily relevant novel that imagines the aftermath of a pandemic virus as seen through the eyes of a thirteen-year-old boy uncertain of his destiny. His family's sole survivor after a flu pandemic has killed large numbers of people worldwide, Cole Vining is lucky to have found refuge with the evangelical Pastor Wyatt and his wife in a small town in southern Indiana. As the world outside has grown increasingly anarchic, Salvation City has been spared much of the devastation, and its residents have renewed their preparations for the Rapture. Grateful for the shelter and love of his foster family (and relieved to have been saved from the horrid, overrun orphanages that have sprung up around the country), Cole begins to form relationships within the larger community. But despite his affection for this place, he struggles with memories of the very different world in which he was reared. Is there room to love both Wyatt and his parents? Are they still his parents if they are no longer there? As others around him grow increasingly fixated on the hope of salvation and the new life to come through the imminent Rapture, Cole begins to conceive of a different future for himself, one in which his own dreams of heroism seem within reach. Written in Sigrid Nunez's deceptively simple style, *Salvation City* is a story of love, betrayal, and forgiveness, weaving the deeply affecting story of a young boy's transformation with a profound meditation on the meaning of belief and heroism.

This "tender biography of a sickly marmoset that was adopted by Leonard Woolf and became a fixture of Bloomsbury society" (The New York Times) is an intimate portrait of the life and marriage of Leonard and Virginia Woolf from a National Book Award-winning author. In 1934, a "sickly pathetic marmoset" named Mitz came into the care of Leonard Woolf. After he nursed her back to health, she became a ubiquitous presence in Bloomsbury society. Moving with Leonard and Virginia Woolf between their homes in London and Sussex, she developed her own special relationship with each of them, as well as with their pet cocker spaniels and with various members of the Woolfs' circle, among them T. S. Eliot and Vita Sackville-West. Mitz also helped the Woolfs escape a close call with Nazis during a trip through Germany just before the outbreak of World War II. Using letters, diaries, memoirs, and other archival documents, Nunez reconstructs Mitz's life against the background of Bloomsbury's twilight years. This tender and imaginative mock biography offers a striking look at the lives of writers and artists shadowed by war, death, and mental breakdown, and at the solace and amusement inspired by its tiny subject--and this new edition includes an afterword by Peter Cameron and a never-before-published letter about Mitz by Nigel Nicolson. "In short, glistening sentences that refract the larger world, Ms. Nunez describes the appealingly eccentric, fiercely intelligent Woolfs during a darkening time." —The Wall Street Journal This work focuses on creating lasting change for any person. It is guided by proven studies and research into the field of neuroscience by a world-class expert and shows readers how to rise above their natural limits.

WINNER OF THE 2018 NATIONAL BOOK AWARD FOR FICTION SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD NEW YORK TIMES BESTSELLER "A beautiful book ... a world of insight into death, grief, art, and love." —Wall Street Journal "A penetrating, moving meditation on loss, comfort, memory...Nunez has a wry, withering wit." —NPR "Dry, allusive and charming...the comedy here writes itself." The New York Times A moving story of love, friendship, grief, healing, and the magical bond between a woman and her dog. When a woman unexpectedly loses her lifelong best friend and mentor, she finds herself burdened with the unwanted dog he has left behind. Her own battle against grief is intensified by the mute suffering of the dog, a huge Great Dane traumatized by the inexplicable disappearance of its master, and by the threat of eviction: dogs are prohibited in her apartment building. While others worry that grief has made her a victim of magical thinking, the woman refuses to be separated from the dog except for brief periods of time. Isolated from the rest of the world, increasingly obsessed with the dog's care, determined to read its mind and fathom its heart, she comes dangerously close to unraveling. But while troubles abound, rich and surprising rewards lie in store for both of them. Elegiac and searching, *The Friend* is both a meditation on loss and a celebration of human-canine devotion.

Denton, Texas, was founded in 1857 because residents needed a location near the geographic center of Denton County to house a county seat. The city is located 39 miles north of two larger cities, Dallas and Fort Worth, and the three of them form what is often referred to as the Golden Triangle. Denton, the peak of that triangle, is the North Star, and its residents, past and present, certainly are superstar superstars such as Bob Rogers, the beloved Piano Man; Mary Evelyn Blagg Huey, a quintessential leader; and Hal Jackson, an ace war hero and lawyer. Their accomplishments burst forth from the chapters of this book to outshine others with their generosity, talents, skills, community activism, adventurous spirits, energy, civic pride, business acumen, courage, and creativity. Citizens of Denton are proud to say, Our history defines our community. The images and words between these covers illustrate why it should be added, And our people define our history.

You're Too Kind

A Novel

Okay, who was the first flatterer? If you guessed Satan, you'd be close, but according to You're Too Kind, flattery began with chimpanzees, who groom each other all day long. In fact, flattery is an adaptive behavior that has helped us survive since prehistoric times. Our flattery is strategic praise, and to illustrate its myriad forms, Richard Stengel takes us on a witty, idiosyncratic tour, from chimps to the God of the Old Testament to the troubadour poets of the Middle Ages, all the way through Dale Carnegie and Monica Lewinsky's adoring love letters to her "Big Creep." Flattery thrives in hierarchical settings like royal courts or Fortune 500 boardrooms, and it flows both upward and downward. Downward is usually easier, but studies show it works best on those who already have high opinions of themselves. Stengel sees public flattery as an epidemic in our society, and private praise as being all too scarce. Most often, though, flattery these days is just a harmless deception, a victimless crime that often ends up making both the giver and the receiver feel a little better. In short, flattery works.

A well-mannered little boy, frequently invited to visit the king and queen, always asks to bring a friend--and the friends are always wild animals--and always well-behaved.

Kristina Ellis was awarded a full scholarship through her PhD. How she managed to get that kind of a scholarship offer is revealed in this book. Raised by a single mother, Kristina appeared to have everything stacked against her - years of living below the poverty level, imperfect grades and sub-par SAT scores. Yet Kristina discovered the secrets to effectively presenting herself as a unique and desirable scholarship candidate. And she's sharing her secrets for scholarship success with students (and their parents) so that they too can obtain money for college.

This poetry book is a collection of practical observations of a poet about a variety of circumstances, situations that we usually come across in our lives and our responses to those. The moments of success and failure in one's career with those of love, betrayal, depression, healing and salvation have been meticulously encapsulated in the form of rhymed poems in this book. The poet, Ajit Wadhwa, runs a fairly popular page on Instagram dedicated to his poetry, @ajit_says. The poet has a rich and hands-on experience of different prevalent cultures in this world. Having studied and worked in Europe, the poet is an architectural entrepreneur with his work footprints in north India. This book has been particularly written for the youth. It will address their concerns regarding career, love and life through poetry. The book has two sections. Section-one, 'Karma' has a collection of motivational poems. Poems on life, our deeds and their corresponding results are also there for your reading in this section. Section-two 'Love' is a collection of romantic as well as dark poetry on betrayals and breakups with ways to cope up. There would be a solution and poet's observation addressing the situation at the end of each poem. An easy language summary is there to understand the gist of the poem. So, let's start the journey of love, life and karma through lyrical poetry.

Life in a city can be atomizing, isolating. And it certainly is for William G. and Neaera H., the strangers at the center of Russell Hoban's surprisingly heartwarming novel *Turtle Diary*. William, a clerk at a used-book store, lives in a rooming house after a divorce that has left him without home or family. Neaera is a successful writer of children's books, who, in her own estimation, "looks like the sort of spinster who doesn't keep cats and is not a vegetarian. Looks...like a man's woman who hasn't got a man." Entirely unknown to each other, they are both drawn to the turtle tank at the London zoo with "minds full of turtle thoughts," wondering how the turtles might be freed. And then comes the day when Neaera walks into William's bookstore, and together they form an unlikely partnership to make what seemed a crazy dream become a reality.

Why Some People Work Less and Make More Than You!

The paths of two women from different walks of life intersect amid counterculture of the 1960s in this haunting and provocative novel from the National Book Award-winning author of *The Friend Named a Best Book of the Year* by the San Francisco Chronicle and the Christian Science Monitor Sigrid Nunez's *The Last of Her Kind* introduces two women who meet as freshmen on the Columbia campus in 1968. Georgette George does not know what to make of her brilliant, idealistic roommate, Ann Drayton, and her obsessive disdain for the ruling class into which she was born. She is mortified by Ann's romanticization of the underprivileged class, which Georgette herself is hoping college will enable her to escape. After the violent fight that ends their friendship, Georgette wants only to forget Ann and to turn her attention to the troubled runaway kid sister who has reappeared after years on the road. Then, in 1976, Ann is convicted of murder. At first, Ann's fate appears to be the inevitable outcome of her belief in the moral imperative to "make justice" in a world where "there are no innocent white people." But, searching for answers to the riddle of this friend of her youth, Georgette finds more complicated and mysterious forces at work. The novel's narrator Georgette illuminates the terrifying life of this difficult, doomed woman, and in the process discovers how much their early encounter has determined her own path, and why, decades later, as she tells us, "I have never stopped thinking about her."

NAMED A BEST BOOK OF 2020 BY NPR, PEOPLE, AND O, THE OPRAH MAGAZINE A NEW YORK TIMES CRITICS' TOP BOOK OF 2020 NATIONAL BESTSELLER "As good as *The Friend*, if not better." —The New York Times "Impossible to put down . . . leavened with wit and tenderness." —People "I was dazed by the novel's grace." —The New Yorker The New York Times–bestselling, National Book Award–winning author of *The Friend* brings her singular voice to a story about the meaning of life and death, and the value of companionship A woman describes a series of encounters she has with various people in the ordinary course of her life: an ex she runs into by chance at a public forum, an Airbnb owner unsure how to interact with her guests, a stranger who seeks help comforting his elderly mother, a friend of her youth now hospitalized with terminal cancer. In each of these people the woman finds a common need: the urge to talk about themselves and to have an audience to their experiences. The narrator orchestrates this chorus of voices for the most part as a passive listener, until one of them makes an extraordinary request, drawing her into an intense and transformative experience of her own. In *What Are You Going Through*, Nunez brings wisdom, humor, and insight to a novel about human connection and the changing nature of relationships in our times. A surprising story about empathy and the unusual ways one person can help another through hardship, her book offers a moving and provocative portrait of the way we live now.

'A forceful novel by a writer of uncommon talent'* **NEW YORK TIMES BOOK REVIEW**

The New York Times bestselling, groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news. Former New York Times columnist Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can--except ways that threaten the social order and their position atop it. We see how they rebrand themselves as saviors of the poor; how they lavishly reward "thought leaders" who redefine "change" in winner-friendly ways; and how they constantly seek to do more good, but never less harm. We hear the limousine confessions of a celebrated foundation boss; witness an American president hem and haw about his plutocratic benefactors; and attend a cruise-ship conference where entrepreneurs celebrate their own self-interested magnanimity. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? He also points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world. A call to action for elites and everyday citizens alike.
