

The Psychic Roots Of Disease A New Medicine Color

Due to awareness of people and their choice to choose the treatment modules Unani system of medicine along with other alternative therapies regaining the popularity and emerging as the mainstream treatment choice. According to the Unani system of medicine most of the diseases especially the chronic one are due to the imbalance in humors. So to treat these diseases we must know the Humoral pathology. By keeping all these in minds the authors try to explain the Humoral pathology in very simple way. Authors assume that thorough study of this book surely helps the readers to understand the Humors theory and humors pathology. Authors are very grateful and like to thanks all the contributors and those who helped us in various ways & in different aspect to complete this book. This book covers following topics:

I INTRODUCTION 7-19
5-15 1. Humors: The Body fluid 2. Humoral pathology 3. Receptacles and Accumulation Sites for the Humors 4. Humoral Disorders and Pepsis 5. Types of Humoral Disorders 6. Diseases of the Four Humors 7. Stages and Progression of Humoral Pathology 8. Resolving Humoral Disorders Through Pepsis 9. Conclusion

II ADJUSTING AND REGULATING BLOOD (DAM) 20-35
16-27 1. Superstar Herbs for the Blood 2. Cautions and Contraindications for Blood Herbs 3. Diet: Eating to Build Healthy Blood 4. Unani Remedies for Adjusting the Blood 5. Other Therapies for Adjusting and Regulating the Blood

III ADJUSTING AND REGULATING PHLEGM (BALGHAM) AND SEROUS FLUID 36-48
1. Working with Phlegm 2. Emesis for Excess Phlegm 3. Working with Serous Fluids 4. Nourishing the Serous Fluids 5. Reducing Serous Fluids 6. Unani Herbs to Adjust the Phlegmatic Humor

IV ADJUSTING AND REGULATING THE CHOLERIC HUMOR (SAFRA) 49-71
1. Basic Principles for Adjusting and Correcting Yellow Bile 2. Dietary Therapy for Choleric Disorders 3. Unani Herbs for Correcting Choleric Disorders 4. Anti-Choleric Herbs from the New World 5. Unani Remedies for Adjusting Yellow Bile 6. Aromatherapy for Adjusting and Sedating Aggravated Heat and Cholera 7. Derivation of Pus, Heat and Cholera through the Skin

V ADJUSTING AND REGULATING BLACK BILE HUMORS (SAUDA) 72-97
55-73 1. The Myriad Manifestations of Black Bile Imbalance 2. Dietary Therapy to Adjust and Regulate Black Bile 3. Special Greek and Unani Tonics and Purgatives for Black Bile 4. Other Herbs for Adjusting and Regulating Black Bile 5. Aromatherapy for Melancholic Disorders 6. Melancholy and Medicinal Oils 7. Black Bile and Cancer

VI TONIC AND RESTORATIVE HERBS FOR FOUR HUMORS 98-106
74-79

VII REFERENCES AND SOURCE 107-108

A full color recipe book with an easy to follow Type 2 Diabetes reversal and Prediabetes

reversal eating plan developed by Dr. Cheng Ruan, MD and Mimi Chan, RD LD CNSC CDE. This program is not designed to be a temporary diet. It is designed for someone with Type 2 Diabetes (or prediabetes) to learn a system of eating where you can have permanent success. Learning what foods can work for you by understanding how it affects your body is the foundation to establish permanency in behavioral changes. Rather than telling you a detailed system of what to eat and the quantity, we have devised a way where it's easier. Three of the six layers of foods are unlimited. In fact, there are minimum quantities to eat daily. For those who have poorly controlled diabetes, we created a sliding scale eating system. Depending on what their blood sugars are that morning, they utilize different portions or different partitions of each of the categories of food. That will likely impact the next morning's blood sugar which hopefully will become lower by the way you eat the day before. And the lower your blood sugar becomes, the more you're allowed to have cheat meals. It becomes a reward system that's designed for success. They are rewarded by lower blood sugars and more cheat meals if they keep the blood sugars low. But if the blood sugars become higher the next morning, some elements of the program are restricted. Surprisingly, what we've noticed is that people do not opt for the cheat meals anymore because their reward, instead of being food, becomes the lowered blood sugar results. Therefore, since they don't want their blood sugars to go up again, they naturally avoid cheat meals. Following this plan, most have succeeded in fat loss (even without exercise), lowered triglycerides, lowered Hemoglobin A1C, and improved energy and vitality! This book was created with the focus of humans in mind. Humans, from the time we wake to the time we go to sleep, seek reward every second we are awake. Whenever we seek reward, we tend to take it from wherever we can get it. Throughout modern times, a reward became food. As food became readily available, we transitioned to seek food that are rich in sugar and processed sugar. When processed sugars became cheaply made and easily available worldwide, the epidemic of Diabetes began. As humans, we cognitively understand what we need but we still feed into our instincts and desires. We understand there are things that are healthy and unhealthy for us. Yet, more often than not, we continue to make choices that are deemed bad. Why is that? Why do we keep making these choices if we understand that whatever we're doing can be damaging to our body? Why do smokers continue to smoke, knowing that it is a major contributor of heart disease and strokes? Why do diabetics continue to eat sugary and high carb foods when they understand that it will raise their blood sugars, ultimately leading to organ damage and cardiovascular disease? Why is it that we behave in such

ways that may be detrimental to our health? The short answer is that it's just something humans do. Humans seek reward and this reward system can be so strong that, cognitively, we may not be able to bypass it. The reward system is so strong it can become habitual behavior. Habits by definition are automatic, emotionless things that we do not think about when we act. Through certain formed habits, we feed into our body's deterioration. It's through these habits that we continue to suppress our own lifelong goals because of this one defining attribute. We, humans, are addicted to instant reward and gratification. The eating plan detailed in this book is to work WITH human nature rather than against it. That is why there is no carb counting, calorie counting, or any math involved. Eat the categories of foods that will keep your blood sugars down, your fat down, and your spirits up. Enjoy the delicious recipes that we have created in our own kitchens!

For decades, traditional medicine had very little to offer for individuals suffering from multiple sclerosis and other autoimmune diseases. Today, medical science has brought us wave upon wave of immunomodulatory medications to try to slow disease progression. Unfortunately, these medications come with their own health- and life-threatening side effects. And sometimes, they just stop working. "Fighting the Dragon: How I Beat Multiple Sclerosis" is the story of one woman's thirty year battle with multiple sclerosis and what she did to reclaim her life when she realized she would need an assisted living facility within a few years. The book contains detailed descriptions of what worked and what did not, where she got the help she needed (and how the reader can locate these resources within his/her own community), and the logic behind the non-conventional therapies. "Fighting the Dragon" is a narrative of courage—courage driven by desperation, a story written by a patient who decided, when her neurologist told her, "You will never walk normally again," that she would dance. "Fighting the Dragon" is also a book the MS patient can take to his/her physician . . . it contains well-researched, easy-to-follow guidelines for what to do and how. The information is also applicable to a wide range of other autoimmune conditions, cancers, and AIDS. * * * * * Excerpt: . . . if your car kept breaking down and the mechanic you took it to kept doing the same thing to fix it—but it did not stay fixed, you would question the mechanic's competence. Maybe the mechanic pulled out a technical manual. "See. I fixed it exactly as the manual said. This is the industry-approved way to solve this problem." When the car broke down again a week later, would you be satisfied? Probably not. You might decide it is time to replace the car. But that might be too

expensive. So, what to do? If you were smart, you would probably try to find a new mechanic. You might ask your friends who they would recommend. You might search on the Internet to see if other people had the same experience with their cars . . . and what caused the problem. You might telephone some repair shops to get some idea of what they thought the problem might be. If you found a new mechanic and that mechanic looked over the car and said, "I have a solution that is not in any industry-approved repair manuals, but it is safe and it works,"—would you walk away and go back to the first mechanic who never got it right? Why is your health worth any less than your car?

An essential desk reference book for medical professionals, family practitioners, therapists, naturopathic professionals, clinicians, patients. Over 500 case studies of research findings of the Germanic New Medicine(R), discovered by world-renowned and respected German physician, and systematized in the principals of the Five Biological Laws Nature.

Exposing the Spiritual Roots of Disease

A Candid, Comical and Intimate Journey About Hearing Loss, Meniere's Disease and Cochlear Implants

Gluten-Free Ghouls

When global warming melts the Antarctic ice, a disease is unleashed that was responsible for killing off all the placental mammals of Australia 34 million years ago, when the two continents were joined. That disease, the Blue Cancer, spreads rapidly and inexorably via even casual contact, threatening humankind and all the other mammals on Earth. Dr. Jace Nechuston has a propensity to ruminate on the human condition and the meaninglessness of suffering. He seeks refuge at the end of the Earth where his interactions with people, which he finds almost painful, will be at a minimum. When the Blue Cancer is unleashed, Jace holds himself responsible. His controversial solution incurs the wrath of the most powerful political organization of the post-Warming age. "Thaw's Hammer" takes the reader on an adventure that includes seal poachers in the Falkland Islands, a whaling community in Japan, religious fanatics in the slums of Rio de Janeiro, the royal family of Madagascar, bone hunters in Mongolia,

diamond miners in Lesotho; and ecotourists, expeditions, scientists, and fauna in Antarctica. The reader feels the gripping and unsettling plausibility of "Thaw's Hammer" because it is told using actual news events, corporations, and products, along with footnotes that give background and references for much of the medicine, science, and technology. Like the best novels of Michael Crichton, "Thaw's Hammer" blurs the distinction between medical/science thriller and science nonfiction.

Epi Info is a free computer program from the Centers for Disease Control and Prevention (CDC), downloaded 2 million times since 1998, and referred to in over 1 million web pages. It allows anyone with a computer to design a questionnaire, enter data, and do tabulation and statistical analysis. This book tells how to use Epi Info for rapid surveys and research studies and for constructing electronic medical records, public health surveillance systems, graphs, and maps. Sample programs can be downloaded from the web.

Have you ever given consideration to what it would be like to be deaf? Not hearing a single sound. Sure, it's quiet in your house, but you still hear sounds. I would like to think the sensation would be equitable to being underwater, but that would not be a true statement. You can still hear things while being underwater: Waves swishing and people talking above the water - yelling or laughing. Deafness is pure silence. When something big drops to the floor, I "feel" the thump it made. When my dogs bark, I can't hear them, but if they jump on my bed while I'm sleeping, I can feel they are present to wake me for an incoming visitor, burglar, tornado or other natural disaster. This book is a candid, and comical view about hearing loss, Meniere's Disease, vertigo, and the process of undergoing cochlear implant surgery. It also goes into depression and coping mechanisms for all of the above. It is a MUST read for someone or anyone you know (possibly yourself, but you won't admit it), who may be suffering from hearing loss. Progressive hearing loss is subtle. The sounds we often take for granted you no longer hear. Pay attention to your surroundings next time you are outside. Can you still hear the birds? One person's struggle with mental illness and a painful neurological condition created a world where suicide was thought to be the only way out. Until a college research project helped him to discover the world of suicidology that saved him.

What Stress Can Do

The Herbal Apothecary

Meditations for Chronic Illness

Lessons from a CF Cornerman

With Alternative Medicine

Hamer

Whether it's your daily dealings at work or a pervasive concern for your physical safety, the stress you regularly experience may actually be more harmful than the threat that triggered it. Not only can it lead to isolation and an erosion of happiness, stress can be biologically harmful, bringing about health issues, such as heart disease, high blood pressure, ulcers, and strokes. In short, successfully managing stress could be nothing less than a life-or-death situation. Now, professional biofeedback practitioner Harry L. Campbell presents "What Stress Can Do," his unprecedented guide to the importance of minimizing everyday stress in order to short-circuit its many serious side effects. What's more, his easy-to-implement recommendations enable you to do so without use of any drugs. Recent data on the prevalence of stress documents that as much as 90 percent of all doctors' office visits are related to stress. However, with the right skills and perspective, you can preempt the physical fallout from the tolls of daily life, and gain new mastery over your mind. The time is right to take a step back, breathe easy, and once and for all address all that ails you.

The Psychic Roots of Disease: A New Medicine - a self-help reference for the health conscious and the curious. It outlines the basis of one's health, biogenealogy and disease; while correlating and demonstrating the relationship between ones brain, organs and psyche. The book contains a meticulous reference section for nearly all common diseases.

On New Year's Eve 2014, 37 years into her struggle with cystic fibrosis, Rebecca Poole went into respiratory failure and was put on life support. They gave her days to live but she would take much more than that. She was on a ventilator for 171 days and was in the hospital for 218. Lessons from a CF Cornerman: 38 Lessons I Learned During My Wife's Illness and Transplant tells this story from her husband's perspective. The struggle to stay positive, make progress in the face of impossible odds, and make the most of each day comes across in this brutally honest portrayal of the ups and downs of a major illness. His lessons relate to relationship conflicts, personal motivation, and overwhelming obstacles. The serious subject matter is offset by his humor and wit as this self-proclaimed expert on "holding her pocket book like a man" takes you through an incredibly tough experience and what he learned from it.

This is the autobiography of a person who was mentally ill for 20 years. It shows how she became stuck in her illness due to religious distortions and how she recovered.

The Psychic Roots of Disease: A New Medicine, The Five Biological Laws of Nature, is an essential desk reference book for medical

professionals, family practitioners, therapists, naturopathic professionals, clinicians and patients. With over 500 case studies of the research findings of the Germanic New Medicine(R), discovered by world renowned and respected German physician, Dr. Ryke Geerd Hamer, M.D., and as systematized in the principals of the Five Biological Laws Nature. The study of The Five Biological Laws of Nature, opens the door to an entirely new way of looking at health and illness. This extensive reference book outlines the basis of one's health, biogenealogy and disease; while correlating and demonstrating the relationship between ones brain, organs and psyche. The reference section is meticulously organized by organs and describes the roots, meaning, course and support options, for nearly all common diseases. The Psychic Roots of Disease is embraced and sought after by the European medical, biogenealogy, science and health communities, with over 50,000 copies sold and has been translated into seven languages. The book also serves as a self-help reference for the health conscious and the curious. Excerpt from the 5 Biological Laws The well-known medical journalist Schmidberger makes the point, "If Dr. Hamer is right, then conventional medical books hold no more value than waste paper!"

Do you suffer from an illness that tests your soul? Millions of us face uncertainty, stress, and pain because the "thorn" of physical or mental illness has invaded our lives. The roots of the thorn grow deep, but there is hope. Isaiah speaks of a time when instead of a thorn bush, a cypress will grow. Dr. Amy Chai, a physician whose personal life has been touched by serious illness, uses the imagery of thorns in this devotional book to illustrate God's transforming power in our lives. Do you feel like your life has been taken over by thorns? Let God create a fragrant cypress in your soul. Whether you are in a support group, a Bible study group, or a group consisting of just you and God, this book will help lead you through the process of understanding the meaning of illness in your life and moving through fear and discouragement by faith. The four sections of this devotional will help you in four key areas: understanding the meaning and purpose of illness in your life; uncovering the psychological effects of physical and mental illness; confronting deep seated fears and insecurities that come from chronic illness; and learning how to experience unparalleled blessing and freedom in your spirit despite your circumstances. If you or someone you love is dealing with illness in this life, you should know that there is hope. Prepare to be transformed!

How we become ill and the causes of illness are generally a mystery to most people. Researchers now tell us that 70% to 80% of all illnesses seen by medical doctors are either caused by or made worse by stress. The full story of those Stress-Related Disorders, illnesses produced by stress, are now examined and illuminated by Dr's Allen and Lisa Robyn Lawrence. You must read this book if you, or someone you know: Experience symptoms which you believe indicate that you are becoming ill and want to stop the illness process. Are already ill and are not getting the results you want from your doctor. Are well and want to either prevent becoming ill in the future or learn how you can prevent illness before it can set in. Are already ill and want to learn to work with your body's natural healing ability without expensive, painful or dangerous medical treatments. The Dr's Lawrence take you on step-by-step journey illustrating the role you mind, your body and your spirit play in creating and healing illness. When Your Body Talks, Listen! Will teach you how to protect yourself from Stress-Related Disorders, and the detrimental short and long-term effects from them.

The Story of Rodney Mann

Humoral Pathology

In January of 2013 Max was diagnosed with an incurable chronic inflammatory degenerative autoimmune disease. Contrary to all medical prognosis that Max will need multiple surgeries and will suffer in pain for the rest of his life, taking powerful anti-inflammatory and immune suppression drugs, Max completely recovered in 180 days. Dozen's of scientific research papers were published in the past five years and new diagnostic tools were developed revealing the real causes and factors for chronic inflammation, degeneration and premature aging of cells, tissues and organs. When your joints hurt so much that you cannot walk, when inflammation and pain takes over your body, when ulcers bleed inside your stomach cavity, when no medicine brings relief, when physicians tell you there is no medical cure - you don't give up hope. Suffering brings wisdom, strength and most important knowledge that can change everything. We were told so many times that there is no medical cure for this painfull, inflammatory, degenerative, auto-immune disease, and they were absolutely right because the cure was at the farm and not at the pharmacy. Max's blood sedimentation rate was reduced 20 folds. From 61 mm/hr to 3 mm/hr in 180 days after changing his diet to real food. Max's calprotectin protein (inflammation marker) was reduced 28 folds. From 504 mcg/g to 18 mch/g in 180 days after changing his diet to real food. Max's C-reactive protein (inflammation marker) was reduced 12 folds. From 6.2 mg/dl to 0.5 mg/dl in 180 days after changing his diet to real food. The book is short, simple, and straight forward. It is an effective tool in your hands to start your own search for the truth. The book is printed in full color and contains 27 pictures and over 90 references and links to relevant scientific research papers, medical research papers, books, videos, and news articles published worldwide in the last five years. Disclaimer: This book is a personal testimony by the author and the information presented here cannot be used as a medical advice, a medical diagnostic tool or alternative medical therapy. Please consult a licensed medical practitioner prior to making any changes to your therapy, diet or lifestyle. The information presented here is not intended to replace a one-on-one relationship with a qualified and licensed health care professional. It is intended as a passing on of knowledge and information from personal research and personal experience. The author encourages you to make your own health care decisions based upon your research and always in partnership with licensed, trained and qualified health care professional. Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realising, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our

planet. In summary, 'THE BOOK' Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommend to read from cover to cover but, it is packed with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your life enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily; For more information please visit www.thebookbook.co.uk

This is a book for all people. It protects the body from hypertension. It heals chronic high blood pressure, the blood and the heart and mind. It brings peace to veins and arteries. It washes away bad cholesterol and all chronic and terminal body diseases and viruses. It protects the heart from heart attacks, heart failure, strokes and paralysis. It protects and heals veins and arteries and the brain. Be Healed From High Blood Pressure is an anointed, powerful book for sacred healing, cleansing and protection from terminal illness, rare and all "incurable" diseases of The heart and blood. It touches high blood pressure in a person's body and removes the controlling and chronic pressure. Be Healed From High Blood Pressure is an anointed, powerful book for sacred healing, cleansing and protection from terminal illness, rare and all "incurable" diseases of The heart and blood. It touches high blood pressure in a person's body and removes the controlling and chronic pressure. It removes all blood strongholds concerning the heart, brain, veins and arteries and bring peace to the body, mind and heart. It liberates the mind and body from living in the troubling state of dealing with chronic High Blood Pressure. This book is salvation to all people in different stages of life. It's a treasure that brings salvation to the mind, body and heart. If you are struggling with High and low blood pressure, do not worry anymore, this is your book of salvation from such diseases. Read and be well in the blood, veins, arteries and the heart and mind.

A Thoroughly Biblical and Compelling Case for Healing from the Best-Selling Author of A More Excellent Way Over thirty years ago, Dr. Henry Wright experienced major success in praying for people to be healed from disease. But suddenly the healing stopped. He began asking God why people weren ' t being healed. Through a pursuit of God ' s Word and truth, he began a lifelong journey of learning the spiritual roots of disease and blockages to healing. In this journey, he discovered that about 80 percent of all disease has a spiritual root issue and is a direct result of a breakdown in our relationship with God, ourselves, or others. Dr. Wright began teaching the biblical principles

and truths he discovered and found great success in people ' s healing and recovery. He has helped tens of thousands to experience wholeness in their lives. Every human being is a spirit with a soul living in a body. Therefore, this is not just about our physical health, although it greatly impacts our bodily well-being. It is about our identity in God and the freedom He desires to give us, extending from our spirits to our souls and bodies. In this book, Dr. Wright presents a thoroughly biblical and compelling case for healing. If you think you ' ve read all you need to know about healing, it ' s time to take another look! The author clearly shows that disease is not a random occurrence and that science and medicine have their limitations in dealing with the spiritual roots of illnesses that inflict millions. We need healing for spirit, soul, and body. If you have recently been diagnosed with an illness or have been struggling with your health for years, there is hope and healing ahead. " I am so thankful about these physical healings. However, I ' m even more thankful for the inner peace and faith that I have been experiencing. [They are] beyond description. " —Sue from Maryland (healed of back pain, rheumatism, and high cholesterol) " His perfect will is that we don ' t get sick. But once we ' re sick, the provision has been made for healing. We just need to line up with the Word of God and be transparent, and everything takes care of the rest. " —Claudio (he and his wife healed of infertility; their newborn son healed of serious health issues)

Now I See is a heart-wrenching yet humorous true tale of struggle, survival, amazing grace, unconditional love, and a fresh look at the American Dream. It's an account of one young woman's journey overcoming devastating odds while stumbling her way through darkness into light.

This book includes the author's interesting scientific finding that reverses the present research conclusion about how to traditionally inhibit the tumor growth and her own experiments and testimonies on parasitic fungi. This book is written for healthy families who wish to consciously stay healthy or take care of patients; for unhealthy families and patients who are diagnosed with autoimmune diseases or who struggle with their unknown illnesses; for litigants who were forced to abandon their houses due to mold invasions; for healthcare providers who failed to find a cause of patients' illnesses; and for personal injury or medical malpractice

lawyers who are representing ill clients who are struggling with "The Most Common, The Most Deadly" fungal infections. This book is introduced as a landmark to inspire people including cancer patients and healthcare providers about the anciently misdiagnosed illness "Cancer," which is caused by parasitic fungi, is misdiagnosed as flu or a cold in the beginning, and is erroneously treated with wrong medications in the middle of the progress only to discover that the cancer is treated by antifungal medications in the end. This book is intended to educate readers about parasitic fungi that mutate fungal genes to survive in the hosts yielding cancerous cells and that the parasitic fungi are the cause of autoimmune diseases. The main goal of this book is to help children and families who are left behind without treatments under the guise of a false psychological theory "Munchausen Syndrome By Proxy (faking illness)." This book is intended to enlighten readers about risks of parasitic fungi that destruct health, homes, offices, schools, hospitals, and further family relationships, and that construct expensive lawsuits, social distrusts, unnecessary public and medical expenses and secondary victims. This book is aimed at past, present, and future patients who are programmed to fail to get a medical help for early cancer test and treatment under the present insurance policies, immunity laws, and medical malpractice laws that govern millions of health insurance policyholders, healthcare providers, and government-funded medical facilities. The author discusses why GMO (Genetically Modified Organism) Vitamins cause antifungal and antibiotic resistances and why GMO Vitamins may initiate or exacerbate autoimmune diseases. This book discusses "causes and effects" and "possible treatments" of autoimmune diseases that are caused by an untreated fungal infection. This book explains why the early signs of autoimmune diseases are neglected either by patients or by healthcare providers, how autoimmune diseases are initiated by a fungal mutation, why the autoimmune diseases respond to antifungal agents, and how curable diseases turn to incurable diseases. This book explains why fungal disruptions in human metabolisms result in "the various names of illnesses" in the beginning and "autoimmune diseases" in the end. This book suggests that a high level of LDL Cholesterol (known as bad Cholesterol) of patients may be a consequence of chronic and acute fungal infections and the LDL Cholesterol may be a fungal sterol that was horizontally transferred from the parasitic fungi that mutate their genes in the hosts to survive from the hosts' antibodies. This book explains how harmful acids are produced when parasitic fungi are hosted by humans and animals, how alcohol (fungal urine) and tobaccos may chemically make more Ergosterol or Lanosterol in the hosts and how patients can repair their

damaged cells. This book explains how cancer tumors and cysts can be treated and how female patients can resume their menopause and become pregnant. This book is not a substitute of a medical diagnosis or a prescription to treat their illness.

An essential desk reference book for medical professionals, family practitioners, therapists, naturopathic professionals, clinicians, and patients. With over 500 case studies of the research findings of the Germanic New Medicine(R), and as systematized in the principals of the Five Biological Laws Nature.

The Western world has been drowning the field of healthcare with truly vast amounts of money for the better part of a century in a valiant attempt to rid the world of disease. At least that's the view from my medical-layman's perspective. Being curious by nature, I wanted to take a closer look at this industry colossus that has grown to claim roughly one of every six dollars spent in my country. I wanted to see for myself how close doctors were to understanding the cause of disease, as without that, it is unclear to me how they can achieve anything more than merely managing illness. What did I find? Well, you'll have to read this book to get those answers.

This is a most touching and emotional true story. of the author's battle with cancer. It is a detailed and personal account of how a very strong believer and family-oriented woman beat ovarian cancer. Although that type of cancer historically develops rapidly and has devastating effects, this true story shows how faith, family and love are a powerful force to reckon with. A must read for anyone with or without an illness! Eight years hence she is Cancer Free. It shows what faith in God can do. God is really alive and can work miracles in our lives. We just have to believe. The Author relates events when her

life and financial well-being were threatened by this dreadful disease. Her strong faith in God saw her through all the trials she had to undergo during her several months of treatment. Writing this book gives her the opportunity to demonstrate to others the meaning of prayer and family unity . Eight years hence, she is now Cancer Free and wants to shout it to the world. The book serves as an inspiration for those in a similar situation to not give up but trust in god and continue fighting. She especially wants to acknowledge her loving husband who was a pillar of support throughout her ordeal. The German New Medicine discovered by Dr. Ryke Geerd Hamer and systematized in the 5 Biological Laws represents a change in the understanding of what is commonly called a disease. The German New Medicine is not a new method of treatment but the understanding of natural laws applicable to humans and animals. Through his studies, Dr. R.G. Hamer, came to the conclusion that the disease processes are not "errors of nature" but rather Significant Biological Programs of Nature stemming from sudden and dramatic events. This book was written with the intent of shedding light on the understanding of the 5 Biological Laws, for those looking for and wanting to understand the issue fully; the study of matter and the spirit, whether reflective, critical and scientific, is up to the reader. www.5biologicalallaws.com

Herbal Antibiotics and Antivirals: How to Cure Illness With Holistic, All Natural, Herbal Medicines and Remedies You're about to discover how to find and use herbal anti-virals, antibiotics and immune system boosters to cure your illnesses, and improve your health. Do you have an illness that modern medicine can't fix? Or do you just want to avoid chemical based pharmaceuticals that have so many possible side effects? Well you have come to the right place. *An authoritative work on the relationship between body and mind, second, revised and enlarged edition. Why do you get headaches? Which psychological patterns correspond to an increased cholesterol level? Why are certain people susceptible to colds? What is the message of the 2020 coronavirus pandemic? How does cancer originate emotionally? And what can you do yourself to help healing? Psychological, emotional undercurrents play an important role in the development of diseases. Christiane Beerlandt shows that the germs, the fundamental origins of illnesses, are to be found in the depths of the human psyche ones deepest feelings, beliefs, convictions, thoughts, expectations, self-image, habitual patterns, etc. The profoundness and accuracy of the texts, written in a language accessible to all, have brought this book worldwide recognition among all types of people, including many health professionals. While listening to the loving language of the heart, Christiane Beerlandt used her innate giftedness to feel herself into the inner world of people. Many readers have been profoundly impressed by the precision of the Beerlandt texts that address illnesses they were suffering from. The first part of this book offers innovative philosophical views and practical guidelines to take the reins over your life. The second part contains entries about a very wide range of diseases as well as chapters about the psychological, metaphysical meaning of the organs (heart, stomach, brain, glands, epiphysis, thymus, etc.) and other parts of the body (vertebrae, fingers, chin, etc.). For those who have the first edition of this book, the updates of the second edition can be found in a separate book: *Life Philosophy for a Happy and Healthy Existence.**

Learn how to keep yourself healthy, fight environmental toxins, repair cellular damage, and operate in your best health zone. Let Dr Rebecca Stone MD-India light the pathway to Camelot for your family's health and wellness.

A comprehensive reference and healing tool to address the emotional and psychological causes of illness • Uncovers the conflicted conscious or unconscious feelings, thoughts, and emotions at the root of nearly 900 ailments and diseases • Details a unique Integration and Acceptance Technique for accessing information through the heart and thereby starting the healing process for emotions and feelings • Provides positive affirmations to effect change for each ailment and disease What if your body used a secret language to talk to you? What if an ailment or illness was your body's way to shout for help, to make you understand that you need to change your thoughts, emotions, feelings, and behaviors? Your body wants you to become aware of the stress that you carry, conscious or not, so you can release unmanaged past and present emotions and the physical complaints that accompany them. Compiling years of research and the results of thousands of cases he encountered in his private practice and during workshops over the past 30 years, Jacques Martel explains how to read and understand the body's language of disease and imbalance. In this encyclopedia, he shows how body language reveals specific thoughts, feelings, and emotions that are at the source of nearly 900 different ailments and diseases. The author also details his Integration and Acceptance Technique, which enables healing

information to bypass the brain and connect directly with the heart. This technique disables the source of the conflict, conscious or not, that could be at the root of an illness, behavior, or condition and improves the chances of true healing. This comprehensive manual offers a tool to help each of us become, to some extent, our own doctor or therapist, get to know ourselves better, and recover health and well-being physically, emotionally, mentally, and spiritually. For practitioners and therapists, this remarkable reference tool provides invaluable insights and prompts for healing.

GLUTEN-FREE GHOULS is a FUN, COLORFUL children's book that will be a DELIGHT TO ALL READERS young and old while sharing a valuable lesson on why it's important to eat healthy! The six Gluten-Free Ghoul characters Gloppy, Bogey, Teaky, Oafie, Pops, and Bonkers live in a giant treehouse and love to play baseball and golf - and they even skateboard! But their favorite thing to do is eat! Join them as they scramble through town gobbling up leftover pizza, spaghetti, and their favorite pies. The only trouble is that their not-so-healthy eating habits begin to create some frustrating and itchy symptoms. Their doctor tells them to eat a gluten-free diet. Gluten-Free Ghouls is a great rhyming book that is sure to bring about some giggles as children enjoy the silly characters while the story builds awareness of the importance of eating well. Food sensitivities like gluten or allergies such as peanuts, dairy, etc. are so prevalent these days and children need to be aware of what can happen even if they don't have celiac disease (a severe innate autoimmune disorder) or aren't allergic to certain foods themselves. It also helps children without gluten sensitivities or allergies to better understand what their friends go through who do have to follow specific diets. As for friends who have celiac disease, gluten sensitivities or food allergies, Gluten-Free Ghouls will show them that others deal with the same issues even six hungry green ghouls. GLUTEN-FREE GHOULS WOULD BE A GREAT ADDITION TO ANY BOOKSHELF IN ANY LIBRARY, SCHOOL, OR HOME. Please visit us online at glutenfreeghouls.com. With an adult's/parent's approval, children can join the GLUTEN-FREE GHOUL'S FAN CLUB and receive a FREE FAN CLUB BOOKMARK when they e-mail paige@glutenfreeghouls.com and share what they like most about the book and who their favorite Gluten-Free Ghoul is.

This antiquarian volume contains Andrew Taylor Still's 1902 treatise, "The Philosophy and Mechanical Principles of Osteopathy". Within this text, Still explores the principles that differentiate osteopathy from allopathy - and explains how to treat a variety of ailments and diseases. This detailed and accessible book written by the father of osteopathy himself is highly recommended for those with an interest in the subject. It will be of special utility to massage therapists and practitioners of allied treatments. Contents include: "My Authorities", "Age of Osteopathy", "Demand for Progress", "Truth is Truth", "Man is Triune", "Trash", "Osteopathy", "Nature is Health", "Our Relation to Other Systems", "Important Studies", etcetera. Many antiquarian books such as this are increasingly hard to come by and expensive, and it is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition. It comes complete with a specially commissioned new biography of the author.

The study of The Five Biological Laws of Nature, opens the door to an entirely new way of looking at health and illness and is essential for any medical professional, family practitioner, therapist, naturopathic professional, clinician and patient, who wishes to understand the basis of one's health, biogenealogy and disease.

"You couldn't make it through all 24 hours of my best day." There are a few different medical names for what he's got, but everybody that has it knows it as the Suicide Disease. When I first met him, he was running out of reasons to call it anything else. For the next seven months, we talked, and wrote this. Rodney seemed to have everything: he had been a Navy SEAL; he had a six figure job as the General Manager of a prestigious restaurant; and he had Jenn, his beautiful fiance. Little did he know that one fall, one simple fall, would change his entire life. Everything good was about to disappear. This is the real life story of a remarkable man who suffers daily with the unbearable pain of Complex Regional Pain Syndrome. Meet Rodney Mann."

You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, Remembering What I Forgot tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, Remembering What I Forgot conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

Identify the Cause to Find the Cure Have you been diagnosed with an autoimmune disease—lupus, multiple sclerosis, Crohn's disease, Grave's disease, Parkinson's disease, or one of so many others? Did you know that the root cause of nearly 100 autoimmune diseases is listed as unknown in medical journals? Thankfully, we can look to another source—the Bible—to understand one of the major causes of these diseases. In a clear and straightforward manner, Exposing the Spiritual Roots of Autoimmune Diseases reveals how to identify

the root cause and start on the journey toward healing. This is a journey from the inside out. Dr. Henry Wright's teachings, based on medical findings and powerful biblical truths, affirm that it is God's will for you to be healthy and whole—in your spirit, soul, and body. If you think you've read all you need to know about healing and prevention, it's time to take another look!
