

Todliche Spiele 4 Bde

Since the 1990s scholars have focused heavily on the perpetrators of the Holocaust, and have presented a complex and diverse picture of perpetrators. This book provides a unique overview of the current state of research on perpetrators. The overall focus is on the key question that it still disputed: How do ordinary people become mass murderers?

Das seit 1880 kontinuierlich erscheinende Jahrbuch ist Forum für Fragen der Geschichte des Protestantismus in Österreich und der Habsburgermonarchie. Der vorliegende 131. Band widmet sich dem Gnesioluthertum und dem Flacianismus, also den Strömungen des "strengen" Luthertums in der zweiten Hälfte des 16. Jahrhunderts, dem sich die reformationsgeschichtliche Forschung in den letzten beiden Jahrzehnten verstärkt zugewandt hat. Die Habsburgischen Erblande und das deutschsprachige Westungarn waren von Beginn an ein Kernland des Gnesioluthertums und der Flacianer. Der späte Flacianismus hatte überhaupt seinen Schwerpunkt in diesen Regionen Europas. Die weiteren Aufsätze befassen sich mit dem Diakoniewerk in Gallneukirchen zur Zeit des Nationalsozialismus und mit der Integration der Heimatvertriebenen nach 1945. [Yearbook for the History of Protestantism in Austria] The yearbook, published regularly since 1880, is a forum for questions of the history of Protestantism in Austria and the Habsburg monarchy. The present volume (no. 131) is dedicated to the topic of Gnesio-Lutheranism and Flacianism, hence those currents of "strict" Lutheranism in the second half of the 16th century on which the focus has increasingly been placed by the researchers on the history of the Reformation in the last two decades. The Habsburg hereditary lands and German-speaking Western Hungary have been core areas of Gnesio-Lutheranism and Flacianism since the beginning. And the focus of the later Flacianism was on these areas of Europe anyway.

BRIGADA tells the story of Ivro, Dwarven Captain of a legendary brigade of cold-hearted, cut-throat Dwarven convicts who answer only to him. On the eve of a great battle, Ivro and his brigade are overtaken by the mist, which separates them into small groups, and throws them all into different, strange and alien lands. Now, Ivro and the remaining members of his brigade must wage a new and different war, for their own survival. But where did this mist come from, and what terrible secret lies at its heart? Will Ivro be able to reunite his brigade and lead them to safety while this strange land grows ever stranger...

Einführung in die Literatur der Weimarer Republik

A New York Times bestseller! A GMA3 Summer Reading Squad Selection! "Ingeniously plotted, and a grin-inducing delight." —People "Will keep young readers glued to the page...So when do I get the sequel?" —Beth McMullen, author of *Mrs. Smith's Spy School for Girls* In this thrilling new series that Stuart Gibbs called "a must-read," Edgar Award winner James Ponti brings together five kids from all over the world and transforms them into real-life spies—perfect for fans of *Spy School* and *Mrs. Smith's Spy School for Girls*. Sara Martinez is a hacker. She recently broke into the New York City foster care system to expose her foster parents as cheats and lawbreakers. However, instead of being hailed as a hero, Sara finds herself facing years in a juvenile detention facility and banned from using computers for the same stretch of time. Enter Mother, a British spy who not only gets Sara released from jail but also offers her a chance to make a home for herself within a secret MI6 agency. Operating out of a base in Scotland, the *City Spies* are five kids from various parts of the world. When they're not attending the local boarding school, they're honing their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can't. Before she knows what she's doing, Sara is heading to Paris for an international youth summit, hacking into a rival school's computer to prevent them from winning a million euros, dangling thirty feet off the side of a building, and trying to stop a villain...all while navigating the complex dynamics of her new team. No one said saving the world was easy...

Genocide is one of the most pressing issues that confronts us today. Its death toll is staggering: over one hundred million dead. Because of their intimate experience in the communities where genocide takes place, anthropologists are uniquely positioned to explain how and why this mass annihilation occurs and the types of devastation genocide causes. This ground breaking book, the first collection of original essays on genocide to be published in anthropology, explores a wide range of cases, including Nazi Germany, Cambodia, Guatemala, Rwanda, and Bosnia.

At first sight it may appear strange that a volume of *Progress in Pediatric Surgery* should be devoted to the history of our specialty. One assumes that progress is concerned primarily with recent developments whilst history deals with matters of the past. However, in the past there has also been considerable progress in the development of our understanding of paediatric surgical problems, otherwise we would not have progressed to our present achievements. The editors, therefore, do not apologize for compiling this volume but, on the contrary, feel that the publication of this volume is most timely. Modern paediatric surgery has now been practised for three generations. The handful of pioneers who were the founders of our specialty worked mainly before the last world war. A few dozen of the intermediary generation started work immediately after the war, while the new generation who are now dominating our

specialty must be counted in thousands. Two factors have radically altered paediatric surgery as practised by the intermediary and the present generation of surgeons.

White Paradise, Hell for Africa?

Gregor the Overlander

Zeitlebens hat Ernst Jünger versucht, hinter „allem Geschehen“ eine Bedeutung zu erkennen, und sei sie auch „furchtbar“ oder von „irgendeinem fremden Sinn“ erfüllt. Der Tagungsband geht dieser Suche nach historisch und ideologisch akzeptablen Sinngebungen des allgemeinen wie persönlichen Erlebens nach. Er betrachtet Jüngers politische Ästhetik und seine Sprachauffassung im Lichte der philosophischen Tradition (von Herder bis Heidegger, von Rousseau bis Rivarol) und des literarischen Spannungsfeldes zwischen Romantik (Schlegel) und Moderne (Jelinek), wobei der Weg von den Kriegstagebüchern über die politische Publizistik der Zwischenkriegszeit bis hin zum erzählerischen Œuvre der Gegenwart führt. Jüngers Werkschau, so die These, repräsentiert kulturelle Praktiken des Lebens und Überlebens, die zwischen Kampf und Kunst ständig changieren, und zwar dergestalt, dass weltanschauliche wie ästhetische Aspekte gleichermaßen Berücksichtigung finden.

The Ruby Red Trilogy: Ruby Red, Sapphire Blue, and Emerald Green This internationally bestselling series follows Gwyneth Shepherd, a girl with a time-traveling secret. Traipsing through past centuries, juggling a potential romance, and unlocking her destiny, Gwen has her work cut out for her. Ruby Red: Gwen has always known that her family is different—the women, in particular. As time travelers, they are no strangers to the possibility of the impossible. But even they aren't expecting it when Gwen shows signs of being a time traveler rather than her cousin Charlotte. Thrust into a world she should have been excluded from, Gwen is introduced to Gideon, a fellow traveler. Although the two don't get along, something other than annoyance might be brewing under the surface. As Gwen masters her new ability, she learns more about herself than she ever could have imagined. Sapphire Blue: Gwen has joined the ranks of the Circle of Twelve, a secret society of chosen time travelers. As the Ruby, Gwen is tasked with finding travelers in the past, all while delving into prophecies and trying to read the mixed signals that Gideon, the Diamond of the Circle, has been sending. With the help of her best friend, a ghost, and a gargoyle demon, Gwen seeks to unearth the truth behind the Circle—a truth that has been actively hidden from her. Emerald Green: Crushed to learn that Gideon may have been deceiving her all along, Gwen has to move forward nonetheless. She has more than enough on her plate: her distrust of Count Saint-Germain, founder of the Circle of Twelve, who wants Gwen to finish collecting blood from the other chosen travelers; the chronograph, a device which will close the Circle if she succeeds; and the resistance she meets at every turn as she seeks more knowledge. With much more to be revealed, Gwen must race against the clock to fulfill her destiny—before it's too late. Includes bonus chapters from Kerstin Gier Dream a Little Dream! Catching Fire, the New York Times bestseller by Suzanne Collins, is now a major motion picture -- and this is your guide to all of the movie's excitement, both in front of the camera and behind it. Go behind the scenes of the making of Catching Fire with exclusive materials, including

back-stage photos and interviews. From the screenwriting process to the casting decisions, from the fantastic new sets and gorgeous costumes to the actors' performances and the director's vision, this is the definitive companion to the second Hunger Games film.

This extensive, three-volume handbook, intensively updated and enlarged, is a superb new resource for students, researchers, and practitioners in paleoanthropology. A baseline storehouse covering the full extent of current knowledge, the volume features an online e-reference work that will be updated with future developments in this fascinating discipline. Often cited as the most multidisciplinary of all the sciences, paleoanthropology encompasses a vast range of techniques drawn from geology, evolutionary biology, and archaeology, among many others. Guided by an editorial team of global stature, the contributions reflect the best of today's scholarship. Each volume covers core constituents of the subject: basic principles and methods, primate evolution and human origins, and the phylogeny of hominins. The editors have ensured that the entries uphold a key principle of paleoanthropology, requiring historical assessments to be updated with developing knowledge of the living world. The handbook's first volume incorporates the enormous advances made in such areas as phylogenetic analysis, paleoecology and evolutionary theory and philosophy. Volume II integrates primate fossil data with the vast amount that is now known of the behavior and ecology of living primates in natural environments. The third volume deals with the fossil and molecular evidence for the evolution of Homo sapiens and its fossil relatives. Paleoanthropology is characterized by its many live and unresolved academic debates, which are reflected in the heterogeneity of intellectual standpoints in this handbook. This planned diversity ensures that the Springer Handbook of Paleoanthropology is a multilayered, comprehensive companion of inestimable value to students, academics, and working professionals alike.

"It chimes eerily with the times we are living through now." —Margaret Atwood, The New York Times Book Review Hendrik Hofgen is a man obsessed with becoming a famous actor. When the Nazis come to power in Germany, he willingly renounces his Communist past and deserts his wife and mistress in order to keep on performing. His diabolical performance as Mephistopheles in Faust proves to be the stepping-stone he yearned for: attracting the attention of Hermann Göring, it wins Hofgen an appointment as head of the State Theatre. The rewards – the respect of the public, a castle-like villa, a place in Berlin's highest circles – are beyond his wildest dreams. But the moral consequences of his betrayals begin to haunt him, turning his dreamworld into a nightmare. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Most issues include also the sections: Anschriften der Verläge deutschsprachiger Schriften and Verlagsänderungen im deutschen Buchhandel.

The explosive conclusion to Veronica Roth's #1 New York Times bestselling Divergent trilogy reveals the secrets of the dystopian world that captivated millions of readers and film fans in Divergent and Insurgent. This paperback edition includes bonus content by Veronica Roth! One choice will define you. What if your whole world was a lie? What if a single revelation—like a single choice—changed everything? What if love and loyalty made you do things you never expected? Told from a riveting dual perspective, this third installment in the series follows Tris and Tobias as they battle to comprehend the complexities of human nature—and their selves—while facing impossible choices of courage, allegiance, sacrifice, and love.

A modern but classically styled spy novel in the spirit of John Le Carré and Chris Pavone, A Shadow Intelligence follows a mercurial MI6 agent, Elliot Kane, as he goes off script to find his lover, who went missing while embroiled in a dangerous scheme in Kazakhstan.

The Ruby Red Trilogy

The Hollow Man

Systematisierung des Heterogenen im Werk Ernst Jüngers

Kinders Literature Lexikon

In the modern lexicon, ‘object’ refers to an entity that is materially constituted, spatially defined, and functionally determined. In contrast, the Latin word ‘fantasia’ has, since antiquity, referred to an apparition or the ability to imagine something that could be equally an object, an image, or a concept. This tension prompts further inquiry into the interrelations and differences between the experience of tangible objects (their perception and handling) and the creation of new objects (their conception and formation). What correlations exist between object fantasies, the self-consciousness of subjects, and the concrete and imagined conditions of human beings’ social lives? By addressing this question, this interdisciplinary book opens new perspectives in the field of object studies.

While everyone knows of the Ice Bucket Challenge, the viral craze that swept the nation in summer 2014, too few know

the truly inspirational story behind it. Pete Frates was a man at war with his own body. A man whose love for others was unshakable. A man who refused to fight alone, and in so doing mobilized a global army to combat one of the most devastating diseases on earth: ALS, or Lou Gehrig's disease. When disease crippled Frates, the former Boston College baseball star turned tragedy into inspiration. Pete's story is a testament to the power of love, the steadfastness of family, the generosity of strangers, and the compassion of crowds. Half of the authors' proceeds will go to the Frates family. Two lovers struggle to reunite in the shadow of a bloody and magical revolution. A modern parable in the tradition of The 1001 Arabian Nights. "Allow me to tickle your fancies with my tale, a tale woven from the threads of a hundred other tales..." With these words, the masked storyteller begins the epic saga of daring Irvi and beautiful Sian, separated by fate... and of Cobra, the soldier who becomes emperor by a path of blood, rage, and magic... and of Maluuk, the dwarf actor who conjures a revolution. A captivating and timeless story of love, passion, and violence, filled with conflicting motives and opposing heroes, all captured by the vivid color palette and coiling linework of artist Enrique Fernndez.

biographisch-bibliographisches Handbuch

For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

“ A twisting spiral of lies and corruption, a pitch-perfect portrait of contemporary London, and a beguiling bastard of a hero—what a recipe for a great read. ”
—Val McDermid, author of The Mermaids Singing Describing London police detective Nick Belsey, hero of The Hollow Man, an enthrallingly original thriller from British crime novelist Oliver Harris—the Daily Mail declared, “ He ’ s got to be London ’ s coolest cop. ” Crime fiction fans are sure to agree, especially those hooked on the novels of Ian Rankin, Peter Robinson, Mark Billingham, and Jo Nesb ø . The first book in a series of tense and twisting police procedurals, The Hollow Man starts with Belsey at rock bottom, and then embroils him in a brazen identity theft scam and possible murder that could leave him either wealthy or dead. It ’ s time to discover Oliver Harris, a new master of noir who ’ s destined to be a big man at the scene of the crime.

This beautiful hardcover box set includes all three books in Suzanne Collins's internationally bestselling Hunger Games trilogy together with The Ballad of Songbirds and Snakes. In the ruins of a place once known as North America lies the nation of Panem, a shining Capitol surrounded by twelve outlying districts.

The Capitol keeps the districts in line by forcing them all to send one boy and one girl between the ages of twelve and eighteen to participate in the annual Hunger Games, a fight to the death on live TV... And the odds are against all who play. With all four of Suzanne Collins's Hunger Games novels in one box set, you can step into the world of Panem with the 10th annual Hunger Games, and continue all the way to the electrifying conclusion.

When eleven-year-old Gregor falls through a grate in the laundry room of his apartment building, he hurtles into the dark Underland, where spiders, rats and giant cockroaches coexist uneasily with humans. This world is on the brink of war, and Gregor's arrival is no accident. Gregor has a vital role to play in the Underland's uncertain future.

Die Weimarer Republik war die Zeit eines kulturellen Umbruchs, der bis in die Gegenwart nachwirkt. In den Jahren von 1918 bis 1933 entstand die moderne, massenmediale Unterhaltungskultur. Neue literarische und theatralische Darstellungsformen wie das epische Theater, der Montageroman oder die politische Revue bildeten sich heraus. Die vorliegende Einführung vermittelt einen systematischen und umfassenden Überblick über das gesamte Forschungsgebiet. Sie problematisiert den Epochenbegriff, referiert die Forschungsgeschichte und skizziert die politischen, sozial- und kulturgeschichtlichen Kontexte. Wichtige ästhetische und literarische Tendenzen werden anschaulich vorgestellt. Abschließend arbeiten Modellanalysen ausgewählter Werke von Bertolt Brecht, Alfred Döblin, Marieluise Fleißer und Irmgard Keun exemplarisch epochentypische Merkmale heraus.

This book unites essays on the interplay of media or inter-arts studies, as well as papers with a focus on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse.
